

**Postsecondary Technical Education Authority**

**AGENDA**

Kansas Board of Regents

1000 SW Jackson, Suite 520, Topeka, KS

**10:00 AM - Thursday, February 27, 2020**

**I. CALL TO ORDER**

- A. Approve Previous Minutes (January 22, 2020) Chair Frederick

**II. REPORTS**

- A. Introductions Chair Frederick  
B. Chair's Report Chair Frederick  
C. Member Liaison Reports TEA Members  
D. Vice President for Workforce Development Report Vice President Smathers  
E. Report from the Community Colleges President Trzaska  
F. Report from the Technical Colleges President Genandt

**III. CONSENT AGENDA**

- A. Program and Curriculum Committee Committee Chair R. Johnson  
    1) New Program Director Henry  
        Garden City Community College  
        Carpentry (46.0201) – Technical Certificate A/18 credit hours

**IV. CONSIDERATION OF DISCUSSION AGENDA**

- A. Program and Curriculum Committee Committee Chair R. Johnson  
    1) Labette Community College request to remove program cap restriction Director Henry

**V. OTHER MATTERS**

- A. Excel in CTE Fee Review Director Henry

**VI. NEXT MEETING REMINDER (Thursday, March 26, 2020)**

Chair Frederick

**VII. ADJOURNMENT**

**PRELIMINARY MINUTES  
KANSAS POSTSECONDARY  
TECHNICAL EDUCATION AUTHORITY  
MEETING**

The January 22, 2020 meeting of the Kansas Postsecondary Technical Education Authority (TEA) was held at the Capitol Plaza Hotel, 1717 SW Topeka Blvd., Homestead Room, Topeka, Kansas.

**Members Present**

Rita Johnson  
Mike Johnson  
Mike Beene  
Debra Mikulka

Tiffany Anderson  
Eddie Estes

**Members Absent**

Ray Frederick Jr., Chair  
Jason Cox  
Mark Hess

Delia Garcia  
Stacy Smith

**Others Represented**

Northwest Kansas Technical College  
Hutchinson Community College  
Cowley Community College  
Manhattan Area Technical College  
KACCT  
Ft. Scott Community College  
Washburn Institute of Technology  
Barton Community College  
WSU Tech

Salina Area Technical College  
KSDE  
Flint Hills Technical College  
SKILLS USA  
Pratt Community College  
Coffeyville Community College  
Highland Community College  
Seward County Community College

**Kansas Board of Regents Staff Present**

Scott Smathers  
Connie Beene  
Susan Henry  
Chris Lemon  
Elaine Frisbie

Lisa Beck  
Sue Grosdidier  
Eric Tincher  
Vera Brown  
Erin Guardiola

**CALL TO ORDER**

The meeting was called to order by Member M. Johnson, in Chair Frederick's absence, at 10:02 A.M.

**APPROVAL OF MINUTES**

**Motion:** Member Estes moved to approve the minutes of December 5, 2019. Following a second by Member Anderson, the motion carried.

**REPORTS**

Introductions

Member M. Johnson recognized Skills USA Director Becky Warren, who introduced this year's Skills USA state officers. Director Warren also shared that 16 of the community and technical colleges are currently on board with the Skills USA program.

Chair's Report

None.

Member Liaison Reports

None.

Vice President for Workforce Development Report

Member M. Johnson called on Vice President Smathers to provide Members with a Workforce Development report. Vice President Smathers reported he and Workforce Development staff have attended numerous meetings dealing with the need for direct support professionals and filling those vacancies. He has met with businesses and the Department of Commerce representatives on meeting workforce needs, met with Flint Hills Technical College for a radio interview, rotary presentation and tour of the Tyson plant, and met with the Dodge City Economic Development representative to discuss how the Southwest Kansas University initiative is progressing. He participated in discussions with KSDE regarding apprenticeships, internships and work-based learning. Vice President Smathers informed members that the new Strategic plan is nearing completion by KBOR and he will request that the plan then be presented to the TEA. He reported that he participated in the orientation of new Wichita State University President Jay Golden, and Dr. Golden is very supportive of partnering with community and technical colleges. He attended the Citizens Day Lunch with KSDE, various organization leaders and students. He reported that he and Workforce Development staff continue participating in multiple college visits for general discussions.

Report from the Community Colleges

Member M. Johnson called upon Seward County Community College President Trzaska to provide members with a report from the community colleges.

Report from the Technical Colleges

Member M. Johnson called upon Salina Area Technical College President Nichols to provide members with a report from the technical colleges.

**CONSIDERATION OF DISCUSSION AGENDA**

Advocacy and Marketing Committee

Career Technical Education Talking Points Brochure

Member M. Johnson called upon Advocacy and Marketing Committee Chair Estes to provide members with an update on the Career Technical Education Talking Points Brochure. Chair Estes requested that Member Anderson lead the discussion. Member Anderson thanked members for the input for the brochure and reported that the updates were finalized, and the brochure is ready for distribution. Member Anderson stated that she provided an electronic copy to Vice President Smathers, and he responded that it will be provided to TEA members and the community and technical colleges.

**Governor Proclamation Update**

Chair Estes asked Vice President Smathers to provide members with an update on the Governor's Proclamation for CTE month. Vice President Smathers reported that after reviewing the draft sent by the Governor's office, he requested some additional information be added, and at this time, he is waiting for response from the Governor's office on the signing date.

Chair Estes reminded members that he has assigned some of them speaker introduction duties at the Mid-America Workforce Summit beginning today.

**Budget and Finance Committee****January Funding Distributions**

Member M. Johnson reminded members that due to the timing of the KBOR meeting in January, the Budget and Finance Committee had been authorized to review and approve the January funding distributions to then recommend for approval by KBOR. He called on Vice President Frisbie to share the funding distributions as approved by KBOR. Vice President Frisbie informed members that the proposed distribution amounts presented below for January were calculated based on current FY 2020 enrollments and appropriations available to finance the program. The distributions are contingent upon the Board's assessment of each institution's performance pursuant to the performance agreement process. The Board approved these distributions during the January 15, 2020 board meeting.

**Excel in CTE**

Institution	FY 2020 Distribution for Fall 2019 Enrollment	FY 2019 (Prior Year) Reconciliation	FY 2020 Proposed Net January Distribution

WIOA State Plan

Member M. Johnson called upon Senior Director Beene to provide members with an update on the WIOA State Plan. Senior Director Beene informed members that the Workforce Innovation and Opportunity Act (WIOA), which replaced the Workforce Investment Act of 1998, was signed into law in 2014 and took effect with a four-year state plan in 2015. Every four years, the plan is updated to reflect new policies, practices, and innovations, and is submitted by the core partners to their respective federal agencies.

The formula, which allocates state and federal funds, is as follows:

- Base Funding (30% of total funds)
  - Institutional Grant (17%)
    - All programs receive same amount
  - Enrollment (11%)
    - Based on three year rolling average
  - Need (2%)
    - Determined by eligible population at beginning of each grant cycle
- Performance Based Funding (70% of total funds)
  - Outcomes (45 %)
    - Average of the previous three years total outcomes
  - Quality Points (25%)

Performance Measures
Measurable Skill Gains
Transition to Postsecondary Education
Employment 2nd Quarter After Exit
Median Earnings 2nd Quarter After Exit
Employment 4th Quarter After Exit
Credential Attainment
Increase Involvement in Children’s Education
Increase Involvement in Children’s Literacy
College Readiness
Citizenship Skills
Left Public Assistance

**Motion:** Member Anderson moved to support the Workforce Innovation and Opportunity Act – Kansas State Plan 2020-2023. Following a second by Member Mikulka, the motion carried.

Technical Program and Curriculum Committee

Program Review Update

Member M. Johnson called upon Technical Program and Curriculum Committee Chair R. Johnson to provide members with a program review update. Chair Johnson reported that the Technical Program and Curriculum Committee has met since August 2019 and has reviewed existing career technical education programs pursuant to state law K.S.A. 74-32,402. Initially, the Program and Curriculum Committee examined programs with ten or fewer graduates exiting and employed over three years (AY15-AY17) of Kansas Training Information Program (K-TIP) data. As AY18 data became available, the committee expanded the data set to include four years of K-TIP data (AY15, AY16, AY17, and AY18).

Overall, thirty-seven CIP Codes were reviewed during the committee meetings in August, October, and November. As a result, staff compiled all recommendations into four categories:

- Four programs were phased out
- Five programs were recommended to utilize a more relevant CIP Code
- Eight programs were not recommended for Tiered Technical State Aid beginning AY22 (July 1, 2021)
- Twenty programs were recommended to be retained on a watch list and reevaluated this fall

Summary of Recommendations

CIP Codes to be phased out

<p>01.0906 Livestock Management 43.0109 Security and Loss Prevention 47.0103 Communications Systems Installation Repair Technology 51.0708 Medical Transcription</p> <p>Institutions using these CIP Codes no longer accept enrollments into these programs and have placed the programs into “Phase Out” status in the Kansas Higher Education Data System. No action required.</p>
--

Programs recommended to utilize a more relevant CIP Code

<p>10.0301 Graphic Communications, General</p> <p>Sole institution running the CIP Code requested a CIP Code change to 10.0303 to be more consistent with other similar programs. The TEA Program and Curriculum Committee supports the institution’s request to modify the CIP Code from 10.0301 to 10.0303.</p>
<p>15.0614 Welding Engineering Technology</p> <p>The TEA Program and Curriculum Committee recommends the institution modify the CIP Code to the aligned Welding CIP Code (48.0508).</p>
<p>46.0415 Building Construction Technology</p> <p>Sole institution running this CIP Code was unaware the program was not utilizing the aligned program CIP Code (46.0201) and plans to correct. The system’s construction program is not a low performing program. The TEA Program and Curriculum Committee recommends the institution modify the CIP Code from 46.0415 to 46.0201 to be consistent with aligned programs.</p>

<p>51.2604 Rehabilitation Aide</p> <p>During the 2018-2019 review of CIP Codes ending in “99,” it was determined that an additional Rehabilitation Aide program exists in the state; however, it is utilizing CIP Code 51.2699. If this program used 51.2604, systemwide data would exceed 40 graduates exiting and employed. The TEA Program and Curriculum Committee recommends the program utilizing CIP Code 51.2699 modify to 51.2604. The CIP Code will be retained on a watch list and reevaluated every fall.</p>
<p>52.0409 Parts, Warehousing, and Inventory Management Operations</p> <p>Sole institution running this program is looking for a more accurate CIP Code. The TEA Program and Curriculum Committee recommends the CIP Code be retained on a watch list and reevaluated every fall.</p>

Programs not recommended for Tiered Technical State Aid beginning AY22 (July 1, 2021)

<p>01.0605 Landscaping and Grounds Keeping          01.1102 Agronomy and Crop Science          11.0301 Data Processing Technology          48.0503 Machine Shop Technology/Assistant          50.0406 Commercial Photography          52.1801 Sales, Distribution, and Marketing Operations, General          52.1803 Retailing and Retail Operations          52.0407 Business, Office Automation, Technology, Data Entry</p> <p>TEA Program and Curriculum Committee does not recommend these CIP Codes for Tiered Technical State Aid.</p>
---

Programs recommended to be retained as technical programs, on a watch list, and reevaluated every fall

<p>01.0102 Agribusiness/Agricultural Business Operations          01.0302 Animal Livestock Husbandry and Production          01.0307 Horse Husbandry/Equine Science and Management          01.1105 Plant Protection and Integrated Pest Management</p> <p>Board staff has requested additional information and assistance from the Kansas Department of Agriculture.</p>
<p>01.0308 Agroecology and Sustainable Agriculture          01.0401 Agricultural and Food Products Processing          22.0303 Court Reporting</p> <p>Currently, several programs using this CIP Code do not have four years of program/completion data. Four years of data should be available after the publication of the AY21 K-TIP report.</p>
<p>15.0303 Electrical, Electronic and Communications Engineering Technology          15.0612 Industrial Technology          41.0303 Chemical Process Technology</p> <p>Currently, several programs using this CIP Code do not have four years of program/completion data. Four years of data should be available after the publication of the AY22 K-TIP report.</p>

<p>10.0202 Radio and Television Broadcasting Technology 11.1004 Web/Multimedia Management and Webmasters 15.0405 Robotics Technology 15.0903 Petroleum Technology 51.2601 Health Aide 47.0302 Heavy Equipment Maintenance Technology</p> <p>The TEA Program and Curriculum Committee recommends retaining these CIP Codes on a watch list and reevaluating every fall.</p>
<p>15.0505 Solar Energy Technology</p> <p>Currently, two institutions are running programs using CIP Code 15.0505. Both institutions do not have four years of program/completion data. Four years of data should be available after the publication of the AY23 K-TIP report.</p>
<p>15.0508 Hazardous Materials Management and Waste Technology 43.0302 Crisis/Emergency Disaster Management</p> <p>During the 2018-2019 review of CIP Codes ending in “99,” it was determined that military-specific CIP codes should no longer exist as stand-alone programs. As a result, many of the military enrollments will increase participation in Emergency Management and Hazardous Materials programs. Four years of data including military enrollments should be available after the publication of the AY24 K-TIP report.</p>
<p>43.0102 Corrections</p> <p>Board staff has requested additional information and assistance realigning the program from the Kansas Department of Corrections.</p>

**Motion:** Following discussion, Member Beene moved to approve the Technical Program and Curriculum Committee’s recommendations for existing programs reviewed. Following a second by Member M. Johnson, the motion carried.

**OTHER MATTERS**

Carl D. Perkins State Plan

Member M. Johnson called on Senior Director Beene to present the Carl D. Perkins State Plan. Senior Director Beene informed members that on July 31, 2018, President Trump signed into law the Strengthening Career and Technical Education for the 21st Century Act (Perkins V). During the last year, the Kansas Perkins V State team has worked to implement the new legislation, which culminates with a new State Plan, encompassing program years 2020 – 2023.

Senior Director Beene gave a brief overview of the key activities in the Kansas State Plan for Career Technical Education, as follows:

- Work-based learning opportunities
- Secondary/postsecondary program and pathway alignment
- Continual engagement with stakeholders
- Enhanced advisory committee participation
- Access and equity for all students

- High-quality, affordable CTE for all learners
- Increased focus/awareness of careers in CTE
- Academic integration with CTE
- Incentivizing innovation and performance
- Local needs assessment driving expenditures

Senior Director Beene informed members that several public hearings were conducted as required by law and thanked the institutions for their participation. She also explained that the new State Plan builds on the existing collaboration between secondary and postsecondary education with enhanced focus on workforce partners and the expansion of existing programs and services, and the plan will be submitted to the U. S. Department of Education, Office of Career, Adult and Technical Education in April 2020.

**Motion:** Member R. Johnson moved to support the Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act (Perkins V), Kansas State Plan for Career Technical Education, 2020 - 2023. Following a second by Member Mikulka, the motion carried.

#### Excel in CTE Fee Update

Member M. Johnson called upon Vice President Smathers to provide members with an Excel in CTE fee update. Vice President Smathers reminded members that at the last TEA meeting, the issue of varying Excel in CTE fees charged by institutions was discussed, and the TEA expressed their desire to resolve the issue internally rather than legislatively. As part of the process to gather the appropriate fee information, KBOR staff met with leadership from both technical and community colleges to identify fees that were not currently covered by the cost model. In summary, it was agreed that items the student retains, such as uniforms, tools, personal protective equipment, third party certification tests and books, along with specialized student items such as background checks, liability insurance, drug testing, fingerprinting, transcript copies, and actual graduation fees are acceptable fees as the cost model does not cover them. However, items such as technology support, supplies/consumables, and administrative fees are not acceptable as the cost model includes those items in the calculations. The colleges are currently gathering the fall 2020 proposed fee information in an agreed upon format, with the intent of providing this information to KBOR staff in February. TEA Members unanimously agreed to change the February 27, 2020 TEA meeting to a face to face meeting instead of conference call meeting for this discussion, with the intent of providing the fees recommendations to KBOR for final approval in March.

#### Legislative Update

Member M. Johnson called on Vice President Smathers to provide members with an update on the 2020 legislative session in KBOR Director Casey's absence. Vice President Smathers informed members that Governor Kelly's budget recommendations include allocations of approximately \$11.9 million for the four year universities, approximately \$5 million for needs-based funding, approximately \$200,000 for Washburn University, and approximately \$15.6 million for the two year sector, which includes \$4.5 million for Excel in CTE, (increasing to \$8.5 million for FY 2021), \$1.5 million for non-tiered program funding and \$1.1 million for tiered program funding. Senior Vice President Frisbie elaborated on the needs-based funding, informing members that student financial aid has not kept pace with the cost of attendance, and the Governor specifically stated that the needs-based funding is for both four-year and two-year institutions. Vice President Frisbie informed members that there will be a formula in use for distribution of the needs-based funding.

TEA Legislative Summary Report

Member M. Johnson called upon Vice President Smathers to provide members with a Legislative Summary Report update. Vice President Smathers informed members that at the beginning of each legislative session, the TEA is required to file a report with the legislature summarizing actions the TEA has taken in the previous year. A copy of the report that was filed with the Legislature on the TEA's behalf was attached for the members information.

**NEXT MEETING REMINDER**

Member M. Johnson reminded members that the next TEA meeting will be February 27, 2020 at 10:00 AM in the main board room at the KBOR Offices.

**ADJOURNMENT**

**Motion:** Member Estes moved to adjourn the meeting. Following a second by Member R. Johnson, Member M. Johnson adjourned the meeting at 11:18 A.M.

Respectfully submitted by:  
Susan Henry, Executive Assistant

## Requests for Degree and Certificate Programs Submitted from Community Colleges and Technical Colleges

### Summary

*Each month community and technical colleges submit requests for the approval of new certificate and degree programs. The Board office received a request from Garden City Community College to offer a Technical Certificate A in Carpentry. The program submitted addressed all criteria requested and was subject to the 10-day comment period required by policy. The program was reviewed by staff and is presented for review and discussion by the Technical Education Authority's Program and Curriculum Committee. 2/27/2020*

### Background

Community and technical colleges submit requests for new certificate and degree programs each month utilizing forms approved by KBOR staff. Criteria addressed during the application process include, but are not limited to, the following: program description, demand for the program, duplication of existing programs, faculty, costs and funding, and program approval at the institution level.

### Description of Proposed Programs:

**Garden City Community College** requests approval of the following program:

- Carpentry (46.0201) – Technical Certificate A/18 credit hours

The proposed Carpentry program prepares individuals to apply technical knowledge and skills to lay out, cut, fabricate, erect, install, and repair wooden structures and fixtures, using hand and power tools. The program includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations and roughing-in, finish carpentry techniques, and applicable codes and standards.

The proposed program meets the requirements of the statewide alignment of the CIP Code (46.0201). Upon successful completion of the program, individuals will be prepared to take the National Center for Construction Education & Research (NCCER) Carpentry Level 1 certification exam.

According to the U.S. Bureau of Labor Statistics, the Occupational Outlook Handbook indicates a national growth rate for Carpenters of 8%, with an annual median wage of \$46,590 (or about \$22.40 per hour) with the typical education needed for entry as a high school diploma or equivalent.

The Kansas Department of Labor, Long-term Occupation Projections 2016-2026, indicate a state-wide change of employment for Carpenters of 3.3% with an annual median wage of \$39,139 (or about \$18.82 per hour) with the typical education needed for entry as a high school diploma or equivalent. Annual openings equate to 783 jobs per year.

Currently, twelve institutions offer a similar program. Below are the colleges, programs, total number of concentrators, total number of graduates, total number of graduates exiting the higher education system and employed, and average wage of graduates who exited the higher education system and are employed information from the 2018 K-TIP report.

2018 K-TIP Data					
College	Program Name	Total # Concentrators	Total # Graduates	Total # Graduates Exiting & Employed	Average Wage: Graduates Exited & Employed
Barton Community College	Carpentry	44	5	*	NR
Coffeyville Community College	Carpentry	26	8	*	*
Fort Scott Community College	Carpentry	23	*	*	*
Highland Community College	Carpentry	24	5	*	NR
Hutchinson Community College	Carpentry	24	8	5	\$18,119
Kansas City Kansas Community College	Carpentry	42	31	17	\$27,138
Manhattan Area Technical College	Carpentry	16	12	5	\$17,863
Neosho County Community College	Carpentry	28	25	8	\$36,520
North Central Kansas Technical College	Carpentry	20	17	11	*
Northwest Kansas Technical College	Carpentry	10	10	*	*
Salina Area Technical College	Carpentry	13	5	*	*
Wichita State University Campus of Applied Sciences and Technology	Carpentry	36	9	*	*
Total		306	135	46	

NR = No values were reported.

\* = Small cell suppression used to protect student privacy in accordance with FERPA and HEOA guidelines.

Concentrators = Technical program majors who have completed at least 12 credit hours of technical coursework in the same program area.

Collaboration with existing programs was not pursued due to the geographical distance between programs and the partnership between Garden City Community College and local K-12 partners.

Nine letters of support for the proposed program were received from TJ's Construction, Stucky Builders, LLC, Germann Custom Homes, Finney County Economic Development Corporation, Coldwell Banker Commercial, Lance Rupp Construction, Casco Homes, Inc, and USD 363 Holcomb Public Schools. Proposed supports for the program include serving on the program advisory committee and providing tools and materials for the program.

Garden City Community College plans to begin the proposed Carpentry program in the fall of 2020. The college estimated the cost of the proposed program at approximately \$66,250 (\$55,000 salaries, \$2,250 tools/supplies, and \$4,000 instructional supplies). Chuck Pfeifer, Dean of Technical Education and Workforce Development, will assume responsibility for the proposed program. All costs for the proposed program will be funded through the institution's general fund. Through the institution's budget planning process, funds are set aside for program development and implementation.

The proposed program was subject to the 10-day comment period from January 24, 2020 to February 6, 2020, during which no formal comments were received.

### Recommendation

The new program request submitted by Garden City Community College for a Technical Certificate A at 18 credit hours in Carpentry has been reviewed by the Technical Education Authority's Program and Curriculum Committee and is recommended for approval by the Technical Education Authority.

## **Request to remove student cap restriction on Labette Community College's Diagnostic Medical Sonography program**

### **Summary**

*In October of 2010, the Kansas Board of Regents (KBOR) approved Labette Community College's Diagnostic Medical Sonography (51.0910) program with a cap of 10 students and 7 sites. Labette Community College is requesting the cap be removed.*

### **Background**

On October 21, 2010 Labette Community College received approval to offer a certificate in Diagnostic Medical Sonography (51.0910); however, due to opposition by Washburn University, the program was capped at 10 students and 7 sites per year. KBOR minutes state that any increase in the number of students or sites would require approval by the Kansas Board of Regents.

**Labette Community College** requests removal of the program cap for:

- Diagnostic Medical Sonography (51.0910) – Technical Certificate C/56 credit hours

LCC began offering the Diagnostic Medical Sonography program in the fall of 2011. In March 2013, the program received accreditation from the Commission on Accreditation of Allied Health Education Programs. Currently, four institutions (Fort Hays State University, Labette Community College, University of Kansas Medical Center, and Washburn University) offer Diagnostic Sonography programs.

Attached are letters from Labette Community College, Washburn University, and Labette Health.

### **Recommendation**

The request submitted by Labette Community College for removal of the restrictions set in 2010 has been reviewed by the Technical Education Authority's Program and Curriculum Committee and is recommended for discussion by the Technical Education Authority.

Date: February 6<sup>th</sup>, 2020

Re: Removal of cap restrictions from Diagnostic Medical Sonography Program

The Kansas Board of Regents minutes from October 20-21, 2010, reflect that as part of the consent agenda, Labette Community College received approval to offer a certificate in Diagnostic Medical Sonography. The paragraph regarding this approval follows:

“Labette Community College received approval to offer a certificate in Diagnostic Medical Sonography (51.0910). The program will be conducted in an online format and existing facility and equipment at Labette Community College’s Division of Allied Health will be utilized. A 2009 Title III grant awarded from the U.S. Department of Education will fund the development of the program and the on-going costs will become fully institutionalized by year four of the program. The program will be capped at 10 students and 7 sites. Any increase in the number of students or sites requires approval by the Kansas Board of Regents.”

In our review of KBOR minutes from 2011 through current minutes, we can’t find any evidence that the Board of Regents has imposed any similar restrictions on any certificate program since the approval of our Diagnostic Medical Sonography. We have been successfully offering this program since fall, 2011. We can serve more than 10 students which also would require additional clinical sites. With the rise in cost, over the last 8 years, this restriction capping the number of students in our program has formed threats to our program offering. Labette Community College works in conjunction with Labette Health, a major hospital, located in Southeast Kansas in the health science areas. They have written a support letter for our DMS program earlier this year and outlined the BLS expectation of growth for the occupation. They have further outlined their support by identifying the high competency levels of the students coming from our program.

Labette Community College has reached out to Washburn University and there is no opposition from Washburn for KBOR to lift the student and clinical restriction imposed on LCC in 2010. Furthermore, LCC and Washburn met in spring 2020 to discuss articulation agreements as a benefit to our students to continue their education if they so desire. An articulation was created for our DMS and Health Science Programs.

We hereby formally ask the Kansas Board of Regents to approve our request to remove any cap restrictions regarding the number of students or clinical sites for LCC’s Diagnostic Medical Sonography.

Thank you for your time and consideration.

Dr. Jason Sharp, Interim Vice President Academic Affairs/DOI

Jason Sharp, Ed.D  
Dean of Instruction  
Labette Community College

Dear Jason,

Thank you for contacting me regarding your plans to expand Labette Community College's Diagnostic Medical Sonography (DMS) program. It is my understanding that you plan to offer an online version of the DMS program in addition to increasing your enrollment from 10 students to 20 students.

Washburn University is not opposed to you expanding the DMS program up to 20 students. I wish you the best of luck and look forward to working with you in the future.

Sincerely,

Pat Munzer, DHSc, RRT  
Dean, School of Applied Studies  
Washburn University

February 26, 2019

Mr. Mark Watkins, President  
Labette Community College  
200 S. 14<sup>th</sup> Street  
Parsons, KS 67357

Dear Mr. Watkins:

I am writing to express my support for Labette Community College's ultrasound program. Your program has provided Labette Health with extremely well trained, competent and sound technologists. It has proven to be a great resource in training and recruiting local students who are more likely to stay in the area after graduation.

According to the US Bureau of Labor Statistics (BLS), diagnostic medical sonographers are among the list of the twenty (20) fastest growing occupations. Labette Health is currently recruiting for an ultrasound technologist and we are expecting another opening in the near future. In addition, we have plans for expansion at our Independence Healthcare Center within the next couple of years.

Monica Ong, Labette Health's Radiology Director, has informed me that one of our current employees, an x-ray technologist, has plans to utilize your ultrasound program soon for advancement within Labette Health.

The loss of the ultrasound program at Labette Community College would reduce the opportunity to attract and retain staff with a valuable skill to live and work in a rural setting such as southeast Kansas.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian Williams", with a long horizontal flourish extending to the right.

Brian Williams  
President/CEO

## Excel in Career Technical Education (CTE) Fees

### Summary

*Per statute (K.S.A. 72-3810), the Kansas Board of Regents shall establish general guidelines for tuition and fee schedules in career technical education courses and programs. The Excel in CTE tuition and fee schedule of every technical education program shall be subject to annual approval.*

2/27/2020

### Background

K.S.A 72-3810 states:

“All tuition and fees charged for career technical education by any board shall be in such amounts as are authorized by rules and regulations adopted by the state board which shall establish general guidelines for tuition and fee schedules in career technical education courses and programs. The particular tuition and fee schedule of every career technical education program shall be subject to annual approval of the state board. A current complete schedule of tuition and fees for each career technical education course and program of each board as approved by the state board shall be maintained on file in the office of the state board and shall be open for public inspection at any reasonable time.”

"Fees means those charges assessed against a student by a community college, technical college or the institute of technology for student services, such as health clinics, athletic activities and technology services, or for books, supplies or other materials necessary for a particular course or program, the expense of which is not covered by tuition.”

"Tuition means those charges assessed against a student by a community college, technical college or the institute of technology on a per credit hour, per course or per term basis, and that are charged to cover the general expense of providing instructional services.”

As per the Postsecondary Technical Education Authority’s (TEA) request, on Thursday, December 19, 2019, representatives from community colleges, technical colleges, and Board staff met to set guidelines for fees associated with Excel in CTE courses and programs. As a result of this meeting, agreed upon allowable fees include items/services students take with them and industry-specific fees required for entrance/acceptance into the program.

#### Allowable fees include:

- Uniforms
- Personal protective equipment
- Background checks
- Fingerprints
- Drug tests
- E-subscriptions/E-books
- Textbooks
- Certification tests
- Liability insurance (example: student malpractice)
- Graduation fees (if applicable)
- Transcript fees (if applicable)

#### Unallowable fees include:

- Student fees (general)
- Technology fees
- Health fees
- Consumables
- Any other fee not on the allowable list

Non-tiered courses - per statute (K.S.A. 71-1802) a technical program is defined as a “program of study comprised of a sequence of tiered technical courses and non-tiered courses, which is identified by the state board as a technical program for funding purposes.” For this reason, students enrolled in technical programs may take non-tiered courses and are responsible for all associated tuition and fees.

In early January 2020 a data request was sent to each community and technical college asking for all technical programs and associated fees charged to Excel in CTE students. The following tables include a listing of all Excel in CTE fees charged by colleges for each program. Allowable fees are highlighted in green and totals are provided for the TEA’s consideration.

## Flint Hills Technical College

### Preface

Flint Hills Technical College has three standard fees associated to all Excel in CTE technical programs:

- Accuplacer Test (\$10 per test up to 3 tests)
- Student ID/Parking Permit
- Liability Insurance

Cengage Software has allowed the institution to move away from traditional textbooks and utilize an online subscription service to provide both workbooks and textbooks for various courses in the Computer Program Design and Development and Business Technology programs. This change has resulted in significant savings on textbooks.

Some of the Excel in CTE programs at Flint Hills Technical College require additional supplies, please reference the list below. These supplies are not sold by the institution nor is the student charged any fee; however, students enrolled in these programs should have purchased or have access to use the following:

#### 10.0304 Interactive Media

- Flash drive
- Ear buds
- Hard drive
- 3 button mouse
- LED lights with stand

#### 10.0305 Graphic Arts Technology

- Sliding line gauge
- Pocket calculator
- Ear plugs
- Ruler
- Magnifier

#### 11.0201 Computer Program Design & Development

- Notebooks
- Binders
- Paper

#### 11.0901 Network Technology

- 3 ring binder (2 or 3 inch)
- Binder tabs
- Anti-static wrist strap
- Needle nose pliers
- Small straightedge screwdriver
- Size 2 phillips-head screwdriver
- Set of highlighters
- Scientific calculator
- USB flash drive (at least 8G)

#### 12.0500 Hospitality/Culinary

- Notebooks
- Slip resistant shoes

#### 15.0613 Computerized Machine Tool Engineering

- Safety glasses
- Flash drive

#### 47.9999 Power Plant Technology

- Ruler
- Protractor
- Multi-meter
- Calculator

#### 51.0601 Dental Assisting

- Notebooks
- Pens
- Paper

#### 52.0201 Business Technology

- Ear buds
- Flash drive
- Pens/pencils
- Highlighters

## Highland Community College

### Preface

The meaning of the ^ symbol on certain courses is explained below:

- Accounting – AAS degree (4 semesters)
  - ^Course is one option for Accounting Elective requirement. 8 credits of Accounting Electives are required total. Some options are not listed if the course does not qualify for Excel in CTE.
- Agribusiness – 4 semesters
  - ^Course is one option for Agribusiness elective requirement. 4 credits of Agribusiness Electives are required total. Some options are not listed if the course does not qualify for Excel in CTE.
- Business Administration – 4 semesters
  - ^Course is one option for Business Administration elective requirement. 6 credits of Business Electives are required total. Some options are not listed if the course does not qualify for Excel in CTE.
- Criminal Justice – 4 semesters
  - ^Course is one option for Criminal Justice elective requirement. 3 credits of Criminal Justice Electives are required total. Some options are not listed if the course does not qualify for Excel in CTE.
- Graphic Design – 4 semesters
  - ^Course is one option for Graphic Design elective requirement. 12 credits of Graphic Design Electives are required total. Some options are not listed if the course does not qualify for Excel in CTE.

## **Northwest Kansas Technical College**

### **Preface**

Northwest Kansas Technical College fees presented are for students attending on-campus courses/program only. There are no costs for any high school student taking courses offered at any high school location.

Some of the Excel in CTE programs at Northwest Kansas Technical College require additional supplies, please reference the list below. These supplies are not sold by the institution nor is the student charged any fee; however, students enrolled in these programs should purchase or have access to use the following:

#### 47.0603 Automotive Collision

- Tools – roughly \$3,000 (list provided by the program)

#### 47.0604 Automotive Technology

- Tools – roughly \$3,000 (list provided by the program)

#### 47.0613 Diesel Technology

- Tools – roughly \$3,000 (list provided by the program)

#### 48.0508 Welding Technology

- Steel-toed shoes

#### 51.0801 Medical Assistant

- Scrubs

#### 51.0908 Respiratory

- Scrubs

## **Washburn Institute of Technology**

### **Preface**

Washburn Institute of Technology has three standard fees associated to all Excel in CTE technical programs:

- Enrollment Fee (\$20) – one-time program enrollment fee to secure the student is going to attend
- Materials/Technology Fee (\$21 per credit hour)
- Computer Rental Fee (\$25 per course) – optional for students who do not have a computer

Institution states the following:

Various consumable/certification rates may change each and every year based on a variety of factors. Our cost to purchase knife sets, hats, uniforms, gloves, helmets, etc. are simply a pass-through, and are adjusted based upon what vendors will quote us. We begin to reach out to vendors for future amounts around April of each year as we are also evaluating any changes to the program.

Tool Usage Fee – Washburn Tech wants students to learn using the best tools possible. In an effort to make sure that each student has access to industry standard tools, we secure Snap-On tools and GreenLee tools for the students to use. We recover the cost of these tools through a tool usage fee. The alternative to this is requiring students be bring \$2,000 worth of tools with them day one of class. We feel that is an unnecessary barrier for students, as each student is in a different financial situation. The tool usage fee ensures that students have what they need.

There are many programs that we find it easier to buy items for students rather than make them go out and buy their own. If these items are in “shop fee” as a convenience to the students, is there anything restricting us from adding them to the list of items that they must bring to class? A great example of this is that it does not make sense for each student to bring in 2 full sheets of metal on their own, however, they each have the ability to work with 2 sheets of metal to build something that they take with them.

Course #		Amount	Total
<b>(CIP 11.0901) Information Systems Technology - 48 credit hours</b>			
Enrollment Fee		\$ 20.00	\$ 20.00
Material/Technology Fee	\$21 per credit hour (48 credit hours X \$21)	\$21 per credit hour	\$ 1,008.00
Computer Lab Fee	Courses: CRN115, CRN150, CRN220, CRN243	\$10 per course	\$ 40.00
Printing Cost Fee (course workbooks)	Courses: CRN115 (\$10), CRN125 (\$10), CRN135 (\$10), CRN150 (\$15), CRN165 (\$25), CRN170 (\$15), CRN265 (\$12)	\$10 - \$15 per course	\$ 87.00
	<b>Total Agreed Upon Fees</b>		\$ 87.00
	<b>Total Other Fees</b>		\$ 1,068.00
	<b>Total Fees</b>		<b>\$ 1,155.00</b>

Course #		Amount	Total
<b>(CIP 12.0401) Cosmetology - 52 credit hours</b>			
Enrollment Fee		\$ 20.00	\$ 20.00
Material/Technology Fee	\$21 per credit hour (52 credit hours X \$21)	\$21 per credit hour	\$ 1,092.00
Shop Supplies			\$ 500.00
Cosmetology Kit		\$200 per semester	\$ 800.00
Uniform	Smock	\$ 80.00	\$ 80.00
Textbooks	\$80 per semester (4 semesters X \$80)	\$80 per semester	\$ 320.00
Certification(s)			\$ 240.00
	<b>Total Agreed Upon Fees</b>		\$ 1,440.00
	<b>Total Other Fees</b>		\$ 1,612.00
	<b>Total Fees</b>		<b>\$ 3,052.00</b>

Course #		Amount	Total
<b>(CIP 12.0505) Culinary Arts - 48 credit hours</b>			
Enrollment Fee		\$ 20.00	\$ 20.00
Material/Technology Fee	\$21 per credit hour (48 credit hours X \$21)	\$21 per credit hour	\$ 1,008.00
Supply Costs (food students are preparing/taking home)	Courses: CUA235 (\$10), CUA240 (\$10), CUA245 (\$10), CUA130 (\$10), CUA135 (\$10), CUA215 (\$10), CUA (\$10), CUA220 (\$12)	\$10 - \$12 per course	\$ 82.00
Knife Set		\$ 125.00	\$ 125.00
Chef Coat		\$ 80.00	\$ 80.00
Chef Hats		\$ 16.00	\$ 16.00
Certification(s)		\$ 45.00	\$ 45.00
	<b>Total Agreed Upon Fees</b>		\$ 266.00
	<b>Total Other Fees</b>		\$ 1,110.00
	<b>Total Fees</b>		<b>\$ 1,376.00</b>

Course #		Amount	Total
<b>(CIP 15.0613) Certified Production Technician -12 credit hours</b>			
Enrollment Fee		\$ 20.00	\$ 20.00
Material/Technology Fee	\$21 per credit hour (12 credit hours X \$21)	\$21 per	\$ 252.00
Course Fee	CPT101 (\$130), CPT102 (\$130), CPT103 (\$130), CPT104 (\$130)		\$ 520.00
Registration Fee (for online textbooks)	CPT101		\$ 65.00
Certification(s)	CPT101 (\$45), CPT102 (\$45), CPT103 (\$45), CPT104 (\$45)		\$ 180.00

## **Wichita State University Campus of Applied Sciences and Technology**

### **Preface**

Wichita State University Campus of Applied Sciences and Technology does not charge tuition or fees. The presented data reflects the highest amounts an Excel in CTE student could expect to pay for textbooks or uniforms.

In most programs, school districts are supplying students with the books at no charge.

Wichita State University Campus of Applied Sciences and Technology
