## ***Introduction to Sociology-SOC1010 CORE OUTCOMES***

Upon completion of the above listed course, students will be able to do the following:

1. *Define social institution and identify the five major social institutions in contemporary societies (Family, State, Economy, Religion, Education).*
2. *Recognize the main ideas of three of the following theoretical paradigms: Functionalism, Conflict Theory, Symbolic Interactionism, PostModernism.*
3. *Give an example of how systems of social stratification (e.g., class, race, gender, sexuality, age) organize the distribution of social advantages and disadvantages.*
4. *Describe the relationship between social structure and individual behavior.*
5. *Distinguish between qualitative and quantitative approaches to conducting sociological research.*
6. *Define the major components of culture, including the role of socialization, social norms and deviance.*
7. *Give an example of the social causes and consequences of a major social change (e.g. globalization, environment, technology, population shifts).*
