For questions or assistance, contact irhelp at irhelp@ksbor.org

The Kansas Board of Regents Program Inventory database includes information submitted by the 32 public higher education institutions to the Kansas Board of Regents. The database may not include all programs offered in all locations (including online or satellite campuses). If you cannot find a specific program at an institution using this search tool, please contact the institution(s) directly to learn more about educational opportunities available in your area.

Perform a basic search by entering terms and selecting the “Search” button. Names of institutions, names of programs, types of awards, or words describing programs can be used to perform a search.

Results are displayed based on a search of the terms in the Program Title and Award fields, and the Classification of Instructional Programs (CIP) description of the programs in the data system. The display order is based on how closely a program or award fits the search term(s). Further narrow results by sorting and/or filtering within the initial search. Sort each of the display columns by clicking on the column heading. Filter the results by entering terms into the search bars below Institution Name, Program Title, Award, or Hours.

Search results for the term "business"

Business

Show 10 entries

Institution Name	Program Title	Award	Hours
Colby Community College	AGRI-BUSINESS	Associate Degree - AAS	63

Troubleshooting CSV and Excel Downloads

When selecting CSV or Excel download from the print options, file extensions may not automatically appear if computer folder settings are selected to “hide extensions for known file types”. If users are experiencing issues saving these types of files, the settings can be changed by taking the steps below.

Navigate to the computer’s Control Panel, then select **Folder Options**. Navigate to the **View** tab and uncheck the box next to “Hide extensions for known file types”. Select **Apply**, then **OK**.
