BOARD GOALS 2025-2026

Approved by the Kansas Board of Regents

Goals

1. Board staff will lead a structured review and update of the ***Building a Future Strategic Plan***, incorporating stakeholder feedback, emerging trends, and performance metrics to ensure continued relevance and impact of public higher education institutions across Kansas.
2. The Board's Academic Affairs Standing Committee will collaborate with faculty and academic leadership to conduct a comprehensive review of **Tenure, Post-Tenure Review, and Instructional Workload** policies at the state universities. This initiative aims to ensure these frameworks support academic innovation, faculty development, and student success.
3. The Board will initiate a study on **three-year baccalaureate degree models**, analyzing approaches from other states, systems, and institutions. The goal is to assess feasibility, identify opportunities for innovation, and ensure Kansas universities remain competitive and responsive to student and workforce needs.
4. State universities will submit a report detailing current initiatives, research, and instructional strategies related to **Artificial Intelligence (AI)**. This effort will help identify best practices, foster collaboration, and position Kansas institutions as leaders in AI-driven education and workforce development.

The Board and system have several goals that will continue from previous years, including initiatives such as, expansion of early college initiatives; strategic plan dashboard redesign; implementation of the student success playbooks; increase adoption of Open Educational Resources; and development and reporting of industry-recognized alternative credentials.
