COUNCIL OF CHIEF ACADEMIC OFFICERS

The Council of Chief Academic Officers (COCAO), established in 1969, is composed of the academic vice presidents of the state universities. The Board's Vice President for Academic Affairs serves as an ex officio member, and the member from the same institution as the chairperson of the Council of Presidents serves as chairperson of the Council of Chief Academic Officers. The chief academic officers of the University of Kansas Medical Center and Washburn University are authorized to participate as non-voting members when agenda items affecting those institutions are to be considered. The Council of Chief Academic Officers meets monthly and reports to the Council of Presidents. The Council of Chief Academic Officers works with the Board Academic Affairs Committee through the Vice President for Academic Affairs. Membership includes:

Barbara Bichelmeyer, Chair	KU	Howard Smith	PSU
R. Brent Thomas	ESU	Laura Stephenson (Interim)	Washburn
Jill Arensdorf	FHSU	Shirley Lefever	WSU
Charles Taber	K-State	Daniel Archer	KBOR
Robert Klein	KUMC

**Council of Chief Academic Officers
MINUTES**

Wednesday, December 14, 2022

The December 14, 2022, Council of Chief Academic Officers (COCAO) meeting was called to order by Chair Barbara Bichelmeyer at 9:00 a.m. The meeting was held through Zoom.

In Attendance:

Members:	Barbara Bichelmeyer, KU Chuck Taber, K-State Brent Thomas, ESU	Jill Arensdorf, FHSU Howard Smith, PSU Shirley Lefever, WSU	Robert Klein, KUMC Laura Stephenson, Washburn Daniel Archer, KBOR
Staff:	Amy Robinson Sam Christy-Dangermond Tara Lebar	Karla Wiscombe Cindy Farrier	Judd McCormack Marti Leisinger
Others:	Adam Borth, Fort Scott CC Jason Sharp, Labette CC Jennifer Callis, SATC Karen Johnson, PSU Kim Zant, Cloud County CC Michelle Schoon, Cowley CC Rebecca Bilderback, Butler CC Tanya Gonzalez, K-State Stuart Day, KU	Elaine Simmons, Barton CC Jean Redeker, KU Jerry Pope, KCKCC Kim Dhority, FHTC Linnea GlenMaye, WSU Monette DePew, Pratt CC Scott Lucas, WSU Tech Tom Nevill, Butler CC Jane Holwerda, Dodge City CC	Cindy Hoss, Hutchinson CC Jennifer Ball, Washburn JoLanna Kord, ESU Kim Warren, KU Luke Dowell, SCCC Nate Brunsell, KU Sheila Markowitz, ESU Taylor Crawshaw, Independence CC Tricia Paramore, Hutchinson CC

Roll call was taken for members and presenters.

Approval of Minutes

Shirley Lefever moved to approve November 16, 2022, meeting minutes, and Chuck Taber seconded the motion. With no corrections, the motion passed.

Council of Faculty Senate Presidents (CoFSP) Update

Nate Brunsell, KU's faculty senate president and CoFSP Chair, provided the update. The Council approves of the Credit for Prior Learning (CPL) guideline document changes. CoFSP is looking for guidance on the Systemwide General Education implementation process and is cognitive of the workload that might entail submitting exceptions. CoFSP has concerns with the academic portfolio review work that rpk GROUP is doing, specifically regarding program duplication, noting that having duplicate programs is not necessarily a negative thing and asking that care be taken on how recommendations are communicated to faculty.

First Reading

Barbara Bichelmeyer and Stuart Day presented the first reading for a BA/BS in Criminal Justice at KU. The hybrid program will be housed in the School of Professional Studies on the KU Edwards campus. The program is designed to meet growing employment demands in the Kansas City metro area and the greater Kansas and Missouri region. Barbara noted that it is partially funded through the Johnson County Education Research Triangle. WSU and FHSU have submitted written comments on this program, and KU will respond accordingly. KU stated they understand there is some level of duplication but noted their target audience and regional needs differ, and there is a high level of market needs in Kansas City that the KU Edwards campus provides. This program will be up for a second reading in January.

Other Requests

- KU's Stuart Day and Kim Warren led a discussion on KBOR's bachelor's degree definition. In March 2019, KBOR amended its policy to allow a pilot project between KU and JCCC to change the KBOR definition of a baccalaureate degree. The change allowed students to transfer more than 60 community college hours and apply them to KU Edwards campus programs having transfer agreements with JCCC. After a successful pilot, in November 2021, KBOR permanently amended its policy to allow all public universities to "have transfer agreements that make programmatic exceptions to the requirement that a minimum of 60 semester credit hours be from institutions that have a majority of degree conferrals at or above the baccalaureate level." KU is seeking to amend KBOR's definition of a bachelor's degree to allow KU to apply more than 60 hours from a community college towards a KU degree housed at Lawrence or Edwards campuses and do so without a transfer agreement in place.

With COCAO approval, the next step would be to take this item to BAASC for discussion. The Council noted that Regents might ask if this change should be allowed for all public institutions or just KU. The Council agreed through consensus to allow more time for institutions to look closely at their partnerships and formulate feedback for a February discussion in BAASC.

- Shirley Lefever presented requests from WSU to change the name of the Department of Physician Assistant to the Department of Physician Associate and change the name of the Master of Physician Assistant, with the major of Physician Assistant, to Master of Physician Associate, with the major of Physician Associate. In May 2021, the American Academy of Physician Assistants (AAPA) passed a resolution altering the definition of "PA" from "physician assistant" to "physician associate." These changes will allow WSU to follow national trends and align with AAPA recommendations.

Chuck Taber moved to approve, and Jill Arensdorf seconded. The motion passed unanimously. Both requests will go to Dr. Flanders for final approval.

Other Matters

KU noted they would likely submit a BAS in Operations Management for approval by January's meeting.

Adjournment

The next COCAO meeting is scheduled virtually for January 18, 2023, at 9:00 a.m.

Brent Thomas moved to adjourn the meeting, and Jill Arensdorf seconded the motion. With no further discussion, the meeting adjourned at 9:35 a.m.

Program Approval

Summary

Universities may apply for approval of new academic programs following the guidelines in the Kansas Board of Regents Policy Manual. The University of Kansas has submitted an application for approval and the proposing academic unit has responded to all of the requirements of the program approval process.

I. General Information

A. Institution University of Kansas

B. Program Identification

Degree Level: Bachelor's
Program Title: Operations Management
Degree to be Offered: Bachelor of Applied Science
Responsible Department or Unit: School of Professional Studies
CIP Code: 52.0205
Modality: Hybrid
Proposed Implementation Date: Fall 2023

Total Number of Semester Credit Hours for the Degree: 120

II. Clinical Sites: Does this program require the use of Clinical Sites? No

III. Justification

The School of Professional Studies, based at the KU Edwards campus in Overland Park, proposes to create a hybrid Operations Management degree to meet the growing employment demands of operations management, supply chain management, purchasing, and related workforce needs in the Kansas City metropolitan area, the greater Kansas and Missouri region and nationally. The Bachelor of Applied Science in Operations Management curriculum is structured as a degree completion program that prepares students to develop, improve and manage the processes used to produce and transport products, services and people. The program explores the technical and strategic aspects of producing goods and services while providing students with the foundational operations management skills necessary to become successful business leaders. Students will learn about implementation, innovation, planning, and strategy to build a valuable knowledge base and practical skill set. In addition, students are able to partner the Operations Management degree with other School of Professional Studies programs or KU Edwards programs to gain additional expertise related to project management, information technology, or public administration. The Operations Management program will prepare students to enter careers such as supply chain management, production management, purchasing, project management or other related fields.

The degree is designed for students who have already earned an associate's degree or equivalent hours and are looking to complete the last two years necessary for a bachelor's degree. The program is offered in a hybrid format to allow students the flexibility to complete courses online and in person. It will leverage the current transfer community infrastructure to help recruit students from area community colleges. The curriculum of this program is simultaneously focused and flexible, allowing students to strengthen their academic training with minimal pre-requisite barriers and maximum ability to tailor the program to meet students' needs.

Though KU Edwards does not currently offer lower-division undergraduate (freshman-sophomore) courses, this degree intends to build on transfer credit in from other institutions. We anticipate students interested in pursuing a BAS in Operations Management to come primarily from community college partners in the KC metro area including Johnson County Community College (JCCC) and Kansas City Kansas Community College (KCKCC), and the Metropolitan Community College in Missouri (MCC).

IV. Program Demand

Market Analysis

According to the Mid America Regional Council, general and operations managers are in the top five occupations that are expected to have the highest growth in employment in the Kansas City region over the next 10 years. For those positions requiring a bachelor's degree for entry, general operations managers, management analysts, and business operations specialists are all projected to be in the top 10 growth occupations in Kansas City. Additionally, health care, retail trade, and professional services are the largest industries in the Kansas City economy with 98,600 jobs in the Kansas City metropolitan region as reported in the second quarter of 2020. Management of companies is the region's largest job specialization, followed by jobs within the federal government, professional, technical and scientific services; transportation and warehousing; finance and insurance; and wholesale trade (MARC, 2021). Between January 2019 to January 2020, management jobs increased by 1.4 percent equating to a net +400 jobs (MARC, JobsEQ). More recently between October 2020 to October 2021, professional and technical services increased by 7.5% (Bureau of Labor Statistics, Jobs EQ).

Student Demand

With KU Edwards offering baccalaureate degree completion programs, we anticipate additional student interest for the BAS in Operations Management to come from community college partners in the KC metro area. To ensure strong enrollment in the program, transfer pathways will be developed between JCCC, KCKCC, and MCC for this BAS degree. Each local community college has strong enrollment in its Business program as well as programs in construction management, food and beverage management, information technology, etc., that could serve as a pipeline

Additionally, the KU Edwards Campus regularly receives student inquiries for business-related degree completion programs that are available in a hybrid format and this program would address that need. The number of inquiries received would be in the top five requested majors for programs at KU Edwards.

Comparative/Locational Advantage

As an emerging degree focused on adult learner, working professional, and college transfer pathways to baccalaureate completion, there are limited Bachelor of Applied Science in Operations Management degree offerings in the region. This would be the first BAS in Operations Management degree to be offered in the hybrid format in the larger Midwest region. In the state of Kansas, FHSU offers an on-campus and online degree with the same CIP Code (BBA in Management with a concentration in Operations Management). The most similar programs nationwide are at Arizona State University, University of Arizona, and University of Massachusetts. Additional universities offer related programs such as BBA degrees with emphasis areas in supply chain management or operations management as well as few in person offerings available.

The curriculum for KU's BAS in Operations Management differs from similar programs by giving students the opportunity to focus coursework on operations management to strengthen that skill set. The program also provides students flexibility with allowing students the opportunity to obtain a minor in another discipline.

V. Projected Enrollment for the Initial Three Years of the Program

Year	Total Headcount Per Year		Total Sem Credit Hrs Per Year	
	Full- Time	Part- Time	Full- Time	Part- Time
Implementation	10	5	300	60
Year 2	20	15	600	180
Year 3	30	20	900	240

VI. Employment

Regional Perspective:

In 2021, according to the U.S. Bureau of Labor Statistics (BLS) Occupational Outlook Handbook, employment increased over the year in the Kansas City metropolitan area. Specifically, Kansas City, MO, which accounts for 56% of the area's total nonfarm employment, gained 35,500 jobs and Kansas City, KS, with 44 percent of area's employment, gained 11,200 jobs. Within the Kansas City region, the management employment sector is expected to see continued strong growth. According to the Mid America Regional Council, general and operations managers are in the top five occupations that are expected to have the highest growth in employment in the Kansas City region over the next 10 years. For those positions requiring a bachelor's degree for entry, general operations managers, management analysts, and business operations specialists are all projected to be in the top 10 growth occupations in Kansas City.

Additionally, health care, retail trade, and professional services are the largest industries in the Kansas City economy with 98,600 jobs in the Kansas City metropolitan region as reported in the second quarter of 2020. Management of companies is the region's largest job specialization, followed by jobs within the federal government, professional, technical and scientific services; transportation and warehousing; finance and insurance; and wholesale trade (MARC, 2021). Between January 2019 to January 2020, management jobs increased by 1.4 percent equating to a net +400 jobs (MARC, JobsEQ). More recently between October 2020 to October 2021, professional and technical services increased by 7.5% (Bureau of Labor Statistics, Jobs EQ).

In 2020, 17,496 jobs in General and Operations Managers were reported in the Kansas City region. Jobs EQ notes total demand (replacement and growth) in general and operations managers is expected to fill 15,783 jobs in the Kansas City region over the next ten years. Business operation specialists fill 7,254 job positions in KC in 2020 with a total growth and replacement need over the next ten years of 7,102 jobs.

VII. Admission and Curriculum

X. Expenditures and Funding Sources Explanations

A. Expenditures

Personnel – Reassigned or Existing Positions

The BAS in Operations Management program will utilize some existing courses that are currently offered at KU Edwards in the Project Management program. Costs of instruction are already covered by these existing programs since they have additional enrollment capacity in the courses being offered. Funds have been allocated in the second and third years to fund additional sections as needed.

A current academic success coach will be assigned to work with the Operations Management program. The Operations Management program will make up 50% of their student load and the Operations Management program will fund 50% of salary and fringe.

John Bricklemeyer will serve as Acting Program Director until the new Program Director begins (estimated start date of June 2022). As Acting Director, Bricklemeyer will begin the course development for OMGT 300 and 310 during the Spring semester. These two courses will be finalized by the new program director upon hire and ready to offer in Fall 2023.

Personnel – New Positions

The Operations Management program will hire two new faculty members with an emphasis on operations management or a related business field in the first year. One will serve as the program director and teach in the program with their time split 80% teaching and 20% administration. The second will have 100% of their load dedicated to teaching in the program. These faculty members will be responsible for developing the new OMGT courses needed for the program. More specifically, the Program Director will finalize the development of OMGT 300 and 310 during Summer 2023 (as referenced above) and both faculty will share in the development of the remaining courses: OMGT 320 and 330 during Fall 2023; OMGT 420 during Spring 2024; and OMGT 440 and 499 during Fall 2024. Additional funding has been allocated in year three to support hiring an additional faculty member with 100% of their load dedicated to teaching in the program as well as adjunct faculty as needed.

Start-up Costs – One-Time Expenses

In order to ensure a successful launch of the hybrid program, we have designated \$30,000 for course development for each of the first two years. These funds will provide faculty with additional resources to develop the courses needed for the program.

Operating Costs – Recurring Expenses

All equipment, library, and supplies have been accounted for in the existing services provided to KU Edwards students and no additional cost will be associated with the program. The KU Edwards Campus is allocating \$500 each year for instructional resources, \$2,500 each year for recruitment efforts, and \$10,000 each year for marketing efforts. In addition, the program faculty members will receive \$1,400 each year for professional development.

B. Revenue: Funding Sources

The BAS in Operations Management program is a Johnson County Education and Research Triangle¹ (JCERT) funded program. The program will be fully funded through JCERT funds and tuition revenue. No state funds will be utilized. JCERT funds will be used to help fund the program during the implementation year until the program is revenue generating and sustainable on tuition funds alone. BAS in Operations Management students will be charged an all-inclusive tuition rate of \$485 per credit hour to ensure that the program is affordable and accessible to all students, nationwide.

C. Projected Surplus/Deficit

Given the anticipated costs and revenue, the program is expected to break even the first year after implementation but expects to see a surplus in the second year. JCERT funds will be used to help fund the program during the implementation until the program is revenue generating and sustainable on tuition funds alone. With the current enrollment estimates, the program is expected to have a revenue surplus after two years. These funds will be utilized to help improve the overall student experience and provide additional funding.

Program Approval

Summary

Universities may apply for approval of new academic programs following the guidelines in the Kansas Board of Regents Policy Manual. The University of Kansas has submitted an application for approval and the proposing academic unit has responded to all of the requirements of the program approval process. Per Board policy, after submission of a new program proposal, other institutions have 45 days to communicate any concerns or objections to Board staff and the proposing institution. Two universities provided letters outlining concerns and the University of Kansas has addressed those concerns in response. Additionally, the university has provided letters of support from various entities. All letters are included in Appendix B.

Modality: hybrid and online
Proposed Implementation Date: Fall 2023

Total Number of Semester Credit Hours for the Degree: 120

II. Clinical Sites: Does this program require the use of Clinical Sites? No

III. Justification

The School of Professional Studies proposes to create a hybrid and online Criminal Justice degree program (BS/BA) to meet the growing employment demands of law enforcement, corrections, policy, and courts administration related workforce in the Kansas City metropolitan area, and greater Kansas and Missouri region. The bachelor's degree program is designed for undergraduate students with a strong interest in understanding how agencies and institutions function as part of the criminal justice system. Students will learn about different ideas of justice and come to understand the impact the justice system has on lives of individuals and communities through law enforcement, the courts, and corrections. In addition to understanding the historical context that shaped current agencies and institutions, students will have the opportunity to engage timely topics like constitutional rights, police use of force, collaboration with tribal nations, alternatives to incarceration, and the use of evidence-based practices. Graduates will be well positioned for careers in law enforcement, courts administration, policy analysis, law, and intelligence.

The degree is designed for students who have already earned an associate's degree or equivalent hours and are looking to complete the last two years necessary for a bachelor's degree. The program can be completed fully online, or hybrid, based on students' location and preference. This program fits well with other transfer degrees within the School of Professional Studies which is located at KU's Edwards Campus in Overland Park. It will leverage the current transfer community infrastructure to help recruit students from area community colleges.

With the KU-Edwards location down the street from the regional police training academy, there are opportunities to engage with a number of partner agencies in the Kansas City region.

Though KU-Edwards does not currently offer lower-division undergraduate (freshman-sophomore) courses, this degree accepts transfer credit from other institutions, thus offering the opportunity for students in other states to have a fully remote learning experience. Although available to a nationwide audience, we anticipate students interested in pursuing a BA or BS in Criminal Justice to come primarily from community college partners in the KC metro area, including Johnson County Community College, Kansas City Kansas Community College, and the Metropolitan Community College in Missouri. KU-Edwards staff and faculty have worked with staff and faculty at metro area two-year colleges to align course offerings and content with KU requirements and needs for seamless transfer of credit and progression from community college to KU-Edwards.

IV. Program Demand: Market Analysis option selected.

Market Analysis

The Kansas Law Enforcement Training Center (KLETC) is part of the University of Kansas and provides curriculum to the regional police academy located at Johnson County Community College. KLETC offers continuing education for law enforcement throughout the state and has collaborated with the School of Professional Studies on the “Law Enforcement Leadership” concentration in this degree program based on interest from participants in their training programs. A second concentration in “Law and Society” will be offered that will examine how the law works in practice in public administration, courts, the non-profit sector, policy, policing and the justice system.

All three of the major community colleges in the Kansas City metropolitan region offer coursework or degrees related to criminal justice. Between criminal justice, legal studies, and administration of justice JCCC has awarded more than 300 associate’s degrees and credentials in the past five years. Over 250 students have completed the police academy certificate (<https://www.jccc.edu/about/leadership-governance/administration/institutional-effectiveness-branch/files/degrees-by-division.pdf>). Anecdotally, the office of admissions at KU notes that criminal justice is by far the degree admissions representatives are asked about the most that KU does not yet offer.

In Kansas, Wichita State University and Fort Hays State University offer online degrees with the Criminal Justice title while Washburn University and Pittsburg State University offer on-campus degrees. ESU has an on-campus degree in crime and delinquency studies and at the time of submission of this program proposal, K-State’s program proposal for an on-campus undergraduate program in Criminology was progressing through the KBOR approval process. In the Kansas City metropolitan area, Northwest Missouri State also offers an online criminal justice degree. There are also programs with a national presence in this space.

The KU program is distinguished by its connection with the Kansas Law Enforcement Training Center which is homed at KU. Officers completing basic training at KLETC will be able to earn credit for courses through KU’s credit by examination policy and apply those credits toward the criminal justice degree. The KU program is also distinguished by strong partnerships with local community colleges. This bachelor’s program was designed to explicitly appeal to transfer students.

While the program anticipates the primary enrollment from collaboration with KLETC and local community colleges, it also appeals to high school students seeking a fast track to law enforcement. Sworn law enforcement officers in the state of Kansas must be 21 years old. The KU Edwards Campus Degree in Three Program (<https://edwardscampus.ku.edu/programs/degreein3>) allows students who identified and started this path in high school to complete a bachelor’s degree right as they are typically eligible for employment in law enforcement.

V. Projected Enrollment for the Initial Three Years of the Program

Year	Total Headcount Per Year		Total Sem Credit Hrs Per Year	
	Full- Time	Part- Time	Full- Time	Part- Time
Implementation	10	10	300	120
Year 2	20	25	600	300
Year 3	35	30	1050	360

VI. Employment

National Perspective: Law enforcement is a large and growing career field nationwide. There are over half a million people employed as police officers and sheriffs with a median salary of \$64,610 a year. (<https://www.bls.gov/oes/current/oes333051.htm>). While individuals may be able to start their careers in law enforcement without a college degree, many departments require a degree once individuals become supervisors. The Bureau of Labor Statistics notes there are over 120,000 frontline supervisor positions in police and detective work (<https://www.bls.gov/careeroutlook/2020/interview/police-sergeant.htm>). There is a ten-year projected growth rate of 5% and a median annual wage of \$89,030, well above the median wage of \$38,640 for all workers.

Regional Perspective: The Greater Kansas City area includes multiple municipalities and has a strong federal workforce presence. According to the Occupational Report (Jobs EQ) for Law, Public Safety, Corrections and Security there are over 32,000 jobs regionally with an expected growth rate of 1% annually. There are more than 400 active job ads in this occupational area that require a bachelor's degree. Mid-America Regional Council points out that public sector work accounts for one of the largest occupational categories in the region with large workforces in protective and legal professions (<https://www.marc.org/sites/default/files/2022-05/Public-Sector-TIE.pdf>).

VII. Admission and Curriculum

A. Admission Criteria

Students must apply to KU and be admitted by the School of Professional Studies. Prior to entering the program, students must complete two (2) years of undergraduate college course work with a total of 60 semester credit hours and a cumulative GPA of at least 2.0.

X. Expenditures and Funding Sources Explanations

A. Expenditures

Personnel – Reassigned or Existing Positions

A current academic success coach will be assigned to work with the Criminal Justice program. The Criminal Justice program will make up 33% of their student load and the Criminal Justice program will fund 33% of salary and fringe.

Four existing instructors (Altamimi, Epp, McCannon, and Merriman) will teach various pieces of the Criminal Justice core curriculum as well as the required concentrations. Enrollment during the first three years of the program is not expected to surpass existing capacity within the current course schedule. The cost of instruction attributed to existing instructors is approximately half the cost in year one than for years two and three because only half of the courses will need to be taught in the initial year.

Personnel – New Positions

In year 1, the Criminal Justice program will hire two new faculty members dedicated to the new Criminal Justice course development and instruction as well as programmatic oversight. Each faculty member will have a teaching load of eight courses a year. One faculty member will serve as Program Director, giving them a two-course load reduction.

Start-up Costs – One-Time Expenses

In order to ensure a successful launch of the program, we have designated \$15,000 for course development for each of the first two years.

Operating Costs – Recurring Expenses

All equipment, library, and supplies have been accounted for in the existing services provided to KU-Edwards students and no additional cost will be associated with the program. KU-Edwards is allocating \$500 each year for instructional resources, \$1,200 each year for travel to and from the Edwards campus in Overland Park to the main campus in Lawrence, \$2,500 each year for recruitment efforts, \$2,800 each year for professional development of the two Criminal Justice faculty members, and \$10,000 each year for marketing efforts.

B. Revenue: Funding Sources

The BA/BS in Criminal Justice program will be fully funded through KU base funding/tuition revenue. The BA/BS in Criminal Justice students will be charged an all-inclusive tuition rate of \$485 per credit hour to ensure that the program is affordable and accessible to all students, nationwide.

C. Projected Surplus/Deficit

Given the anticipated costs and revenue, the program is expected to run a deficit for the first two years of implementation. With the current enrollment estimates, the program is expected to have a revenue surplus in year three. These funds will be utilized to help improve the overall student experience and provide additional funding.

OFFICE OF THE PROVOST

December 13, 2022

Dr. Barbara Bichelmeyer
Provost and Executive Vice Chancellor
University of Kansas
Strong Hall, Room 250
1450 Jayhawk Blvd.
Lawrence, KS 66045

Dear Dr. Bichelmeyer:

The purpose of this letter is to state our concerns related to the University of Kansas's proposal to initiate a hybrid and online program in Criminal Justice (B.A./B.S.). The proposal is before the Kansas Board of Regents Council of Chief Academic Officers at the December 14, 2022 meeting. The KU proposal in Criminal Justice is fundamentally duplicative in intent and purpose to our online and on campus Fort Hays State University (FHSU) program in Criminal Justice. A description of reasons why the proposed KU Criminal Justice program are concerning are as follows:

1. KU's proposal recognizes duplication in programming with Wichita State University and FHSU in online degrees in Criminal Justice as well as recognizing on campus degree programs at both Washburn and Pittsburg State University and Criminology at K-State pending Regent approval. FHSU has offered on-campus degree programs since 1996, with long-standing and effective statewide programming that *has included online and on-campus accessibility*, meeting the needs of the State and region. In addition, graduate programming in Criminal Justice provides strong coverage of the discipline.
2. The FHSU Criminal Justice program already has considerable statewide reach with credit being accepted from those completing Peace Officers Standards & Training (POST) certified law enforcement training programs across the U.S., including from the Kansas Law Enforcement Training Center (KLETC) since 2019.
3. FHSU's program at 45 required credit hours is robust in both depth and breadth which has positioned it to better meet the needs of students and employers in the State. FHSU's program is all inclusive, offering over 30 courses with CRJ prefixes. In addition, FHSU's department of Criminal Justice offers students 8 certificate programs in the discipline.

4. FHSU's program is already well developed with a long history of success. It is substantive and is supported by the federally funded National De-Escalation Training Center (certified by the International Association of Directors of Law Enforcement Standards and Training and the Department of Justice Office of Community Policing Services) along with the Center for Empowering Victims of Gender Based Violence and provides robust and unique opportunities for Kansas students that are enrolled in Criminal Justice at FHSU to benefit from our nationally recognized, academically competitive, and well-established program.
5. In conclusion, KU's proposed program core requirements duplicate 100% of the course offerings at FHSU demonstrated by the course-by-course equivalency document that follows.

Thank you for taking the time to read and provide a response to this feedback.

Sincerely,

A handwritten signature in black ink that reads "Jill Arensdorf". The signature is written in a cursive, flowing style.

ACADEMIC AFFAIRS

MEMORANDUM

TO: Dr. Barbara Bichelmeyer
Provost, University of Kansas

CC: Dr. Daniel Archer
Vice President for Academic Affairs, KBOR

FROM: Dr. Shirley Lefever 
Executive Vice President & Provost, Wichita State University

DATE: December 13, 2022

SUBJECT: Proposed Criminal Justice BS for University of Kansas

The degree program proposed by University of Kansas duplicates at various levels what is currently being offered at Wichita State.

Delivery

The KU program is proposed as online/hybrid which proposes a direct competition to WSU market since geography ceases to be a distinguisher between the two programs.

Content

The degree program at WSU, which is a Bachelor of Science, requires students to take a total of ten core courses specifically in criminal justice, which includes two law courses. Students get a comprehensive education which fully includes all aspects of the criminal justice system. The degree programs that are being proposed by the University of Kansas, for both the BS and the BA, require seven core courses. Attached is a four-year plan for the WSU degree which can be compared to the four-year plan submitted by the University of Kansas. There are strong similarities: both have an introduction to criminal justice course, both have courses related to the law, both have research methods, both have Law Enforcement/Policing.

Experiential learning

The University of Kansas proposal puts great emphasis on experiential learning. Similarly, experiential, or applied learning is a hallmark of WSU's approach to programs and is integrated into many of the WSU criminal justice courses. Students are introduced directly to the field with hands on opportunities throughout the program in their courses. Students are also highly encouraged to partake in an internship or co-op once they reach their junior year, and many take advantage of this opportunity. The ability to "get a foot in the door" and make direct connections in the field while still in school, has proven very successful. Most students who decide to do an internship or co-op not only earn credit hours towards their degree, but, in many cases, end up being hired by the agency in which they worked. Examples of agencies that offer internships and hire our grads are: District Attorney, Public Defender's Office, Wichita PD, Derby PD, and Juvenile Corrections.

Program demand

Wichita State University has had a fully online and robust criminal justice program at both the undergraduate and graduate level for a number of years. The University of Kansas' proposal for an online degree in the same area may cause market saturation. The talent pipeline in this arena may not be able to be as effective with two competing programs, both with an online presence. WSU enrollment in this program is robust.

Law enforcement market

The proposal states that the Kansas Law Enforcement Training Center is housed within its University, and that this would enable the institution to award college credit for courses taken at KLETC (basic training). The WSU School of Criminal Justice already awards credit for officers that have attended basic training in Kansas, not limited to those who have graduated from KLETC, but from any accredited law enforcement training academy in the state. WSU has been doing this for years. The model exists and is working.

Transfer market

The proposal states that its program will appeal not only to police officers attending the basic training academy but also to transfer students. The School of Criminal Justice is already prepared to accept transfer students and their related credit hours. In fact, it accepts transfer hours on a regular basis through its TES system. Students transfer from not only community colleges but from 4-year Institutions, both within and outside of the State of Kansas.

Summary

A review of KU's program appears to duplicate WSU's BS in Criminal Justice and thus, the impact on enrollment at both institutions warrants further investigation to assess the actual need for another similar program providing students the same opportunity and outcome (talent pipeline). A second similar program within the Kansas Board of Regents system, we believe, presents a threat to the market share because of the limited differentiation between the two programs.

Dear Provost Arensdorf and Provost Lefever:

I hope you had a much-deserved, restful break. Before the semester begins, I wanted to respond to your letter and memorandum regarding our proposed Criminal Justice degree that would be offered through the School of Professional Studies on the KU Edwards Campus.

We recognize that this program already exists, and that KBOR policy seeks to minimize “unnecessary program duplication.” However, KBOR data for state universities indicates that all but one existing program meets minimum enrollment, and we believe there is a significant untapped student and labor market demand in Johnson County and the KC Metro area.

KBOR policy does not preclude duplication, and the rpk Group analysis indicates many undergraduate programs at state universities are duplicated and meet minimum requirements for majors and graduates. We believe that our Criminal Justice proposal is necessary duplication to meet local labor market demand. Indeed, multiple positions are currently open in Johnson County and civic leaders (many of whom have expressed their support for this program) have noted that minimum requirements for positions are being dropped to associate degrees.

According to Lightcast, demand is concentrated in Missouri with the most openings in Saint Louis, Missouri and Kansas City, Missouri. Over the last 11 months, there were 9,479 unique job posting ins Saint Louis, 7,343 in KCMO, and 4,382 in Wichita. In addition, Overland Park, where the KU Edwards campus is located, ranks #5 on the list of cities in Kansas and Missouri with the most openings. Current openings, which represent only a sliver of the need, include the following from the HR department of Johnson County Government (12/22.2022):

Correctional Advisor: 66 positions with 19 vacancies
Youth Correctional Advisor: 45 positions with 17 vacancies
Deputy Sheriff: 249 positions with 47 vacancies
Master Deputy: 152 positions with 7 vacancies
Park Police: 32 positions with 15 vacancies

While there are significant number of position openings, only 14 institutions in KS and MO offer a program under the same CIP Code. These 14 institutions graduated 411 students with bachelor’s degrees in Criminal Justice. There is ample space for the labor market to absorb more graduates.

KU's proposal indicates our program is built for transfer students since applicants will have completed 60 credit hours to enter the program. KU Edwards has developed relationships with local community colleges for our criminal justice program—including Johnson County Community College, Kansas City Kansas Community College, and Metropolitan Community College in Missouri. KU Edwards staff and faculty have worked with staff and faculty at metro area two-year colleges to align course offering and content with KU requirements and needs for seamless transfer of credit and progression from community colleges.

This is because, while KU will accept students nationwide into the program, KU's two-year transfer student market is regionally based. Recent data from KBOR's KHEStats indicate 626 new students transferred to KU from Kansas community colleges in 2021 and 513 (82%) were from community colleges in KU's service area (Allen, Coffeyville, Fort Scott, Independence, Johnson County, Kansas City, Neosho). Furthermore, 475 of the 626 (77%) were from JCCC and KCKCC. This indicates that while the criminal justice program will be offered online and hybrid, it will primarily serve a regional market.

While the numbers above speak generally to transfer students at KU, KHEStats provides transfer data by program. For the five-year period of Fall 2017-Fall 2021 a total of eleven JCCC students and four KCKCC students transferred into criminal justice majors at state universities in Kansas. Conversations with our regional community college partners indicate that students prefer a local option with flexible delivery, and KU aims to fill this need.

We believe the labor market demand, student demand, and the attached letters of support from local leaders support our program as necessary duplication.

Many thanks for your consideration.

Sincerely,

Stuart A. Day

Dear Provost Bichelmeyer,

I hope you have had a wonderful holiday season. I'm writing today in support of the Criminal Justice degree that Dean Stuart Day is proposing for the KU Edwards Campus. As you well know, degrees at the Edwards Campus meet critical workforce needs in Johnson County.

As a Kansas State Senator representing parts of Lenexa, Overland Park, Olathe, and Shawnee, and as a member of the Johnson County Education Research Triangle, I am keenly aware that we do not want to unnecessarily duplicate programs across the state. However, in the case of Criminal Justice and other programs that meet critical workforce needs in Johnson County, I hope that the Kansas Board of Regents will see the critical needs of our community. We currently lose hundreds of students to neighboring states every year, which makes it difficult to fill open position and grow the economy.

The degree completion programs at the Edwards Campus draw largely from Johnson County Community College. This creates a pipeline that is critical to our community's success, and I know Dean Day works closely with his counterparts at JCCC to make sure students progress efficiently.

Many thanks for your consideration.

Sincerely,

Dear Provost Bichelmeyer:

It is my pleasure to provide my strong support for the new Criminal Justice Bachelor's Degree at the KU Edwards Campus. In both of my roles as Mayor of the City of Leawood and Chair of the Johnson County Education Research Triangle Authority (JCERTA), I have seen the impact of four-year degrees from K-State Olathe and the University of Kansas on our local economy. Thus, I urge the Kansas Board of Regents to support this new program.

The growth of the KU Edwards Campus has provided much-needed support to promote workforce development in Johnson County. While there are other Criminal Justice programs in the State of Kansas, our residents and local employers in all sectors are in need of practical, in-person/online programs that meet community needs.

KU evaluated labor market data for Kansas and Missouri that indicates demand is significantly greater than what is currently being supplied. Therefore, while it is always wise to avoid program duplication (as we do on the JCERTA), there are times when additional programs will allow us to stem the departure of Johnson County and KC Metro students to other states.

Thank you for the important work you do to make our region stronger for one and all.

Sincerely,

Peggy J. Dunn

Dear Provost Bichelmeyer:

I hope you are well and looking forward to a much-deserved break. Thank you again for your continued support of the KU Edwards Board of Advisors. As Chair of the Board, I am proud to represent an array of industry leaders including the mayors of Lenexa and Leawood; the CEO/COOs of Hallmark, Burns & McDonnell, the Kansas Area Development Council, Black & Veatch, among others; as well as leaders from local school districts, the President of Johnson County Community College, and leaders of many businesses that thrive on a prepared, well-educated workforce.

The undergraduate programs offered through KU Edwards serve a unique demographic: students from Johnson County and the KC Metro area who have the equivalent of an associate's degree and are ready to complete a bachelor's, often in the evening while working full time. I fully support your Criminal Justice proposal before the Kansas Board of Regents. Programs like these keep students in Kansas, meet critical workforce needs, and promote social mobility.

Thank you for everything you do to make Johnson County and the region stronger.

Sincerely,

Dear Provost Bichelmeyer,

I am writing to underscore the importance of the KU Edwards Campus and the degree completion programs they offer in Johnson County. As the President and CEO of the Overland Park Chamber of Commerce, I can report that the attraction, retention and alignment of talent is the top pain point of employers. As a result, I regularly talk with community leaders who emphasize the need for local opportunities to achieve degrees to meet critical employment needs.

We are fortunate to have Dean Stuart Day of the Edwards Campus and School of Professional Studies serving on our Chamber Board. We discussed the critical need for talent at our December Chamber Board meeting, including a robust discussion about the high number of students we lose to neighboring states. Unfortunately, when we lose a student for their undergraduate degree, they often leave the State of Kansas for good.

The KU Edwards Campus offers a variety of completion degrees, with most students based in Johnson County. While we understand and support the need to avoid degree duplication across the state, it is critical that in cases where demand outstrips need, we must increase the supply.

We are proud of the collaboration of the University of Kansas and Kansas State University in coordinating the programs they offer in Johnson County to ensure there is no duplication in this local market. Working together can increase the region's talent pipeline to address employer needs.

This type of collaboration addresses the goals the Board of Regents has set relative to supporting growth in the face of our state's demographic challenges.

Thank you for your continued support of Johnson County.

Sincerely,

Dear Provost Bichelmeyer,

I am writing to request and recommend your support to bring the Criminal Justice completion degree to the University of Kansas Edwards Campus.

As mayor of Lenexa and after visiting with the Lenexa Police Chief and others in the Johnson County area, I believe making this hybrid degree program available to northeast Kansas professionals in our police departments and in the criminal justice system would be of great benefit to our full-time and part-time constituencies; allowing existing employees to continue their education near their place of work and home, and providing new entrants the opportunity to continue their education near their likely future employers.

As a board member of the Johnson County Education Research Triangle since its inception, participating with the JCCC Foundation, and spending nearly 30-years as an elected official in the city of Lenexa, I have seen first-hand the positive impact of degree completion programs in Johnson County.

Over 300 students graduate from the JCCC each year who would be ideal candidates for a bachelor's degree in Criminal Justice. These students thrive in programs like this one that allow for in-person connections that create long-lasting relationships which will benefit the northeast Kansas region as they work together during their careers. Providing this opportunity at the Edwards Campus will also slow down the exodus of current students and prospective students as they cross the state lines to complete their degree and then take positions outside of Kansas.

KU Edwards has launched multiple degree completion programs to serve Johnson County. Despite similar degrees at other Kansas institutions, the need in the KC Metro is far from being met and not accessible to our existing professionals.

I believe you know my aversion to duplicating degree programs within the Regents System when possible, however in the case, the need is great, and the current options do not serve the needs of northeast Kansas and Johnson/Wyandotte Counties in particular. For existing employees, they would need to leave their jobs and move to other areas of the state (and lose existing tuition reimbursement benefits) to complete their degree.

Finally, KU evaluated labor market data for Kansas and Missouri that indicated demand is significantly greater than what is currently being supplied. Annual labor market demand for Kansas and Missouri as analyzed by LightcastEMSI indicates continued strong regional demand for this degree.

Thank you for taking the time to read this letter. I'm happy to visit with you about the positive impacts this offering will have on the law enforcement agencies and the criminal justice system in our area of the state.

Sincerely,

Dr. Daniel Archer
Vice President Academic Affairs
Kansas Board of Regents
1000 SW Jackson Street, Suite 520
Topeka, KS 66612-1368

Dear Vice President Archer,

Kansas State University requests to change the name of the Center for Information and Systems Assurance (CISA) to the Center for Cybersecurity and Trustworthy Systems (K-CaTS). The name change reflects a desire to avoid confusion when collaborating with granting agencies.

Since 2006, the Center for Information and Systems Assurance has been a trans-disciplinary meeting and collaboration space for researchers across Kansas State University working on projects related to safety, security, and high assurance. In 2018 the Cybersecurity and Infrastructure Security Agency was created under the umbrella of the US Department of Homeland Security. Since that time, we have had an "acronym collision." Normally this would be a minor inconvenience, but as the university Center is also involved with the Department of Homeland Security in research endeavors, in our designation as a Center of Academic Excellence in Cybersecurity (CAE-R), and as awardees of the CyberCorps: Scholarship for Service, we need to adopt a different acronym.

Kansas State University's College of Engineering has a strong record in this research area. Your approval of this request will assist us in continuing KBOR institutions' national leadership in this area. Thank you for considering the proposal.

Sincerely,

Charles Taber

Act on Proposed Revisions to the Credit by Exam Policy

Tara Lebar,

Associate Director Academic Affairs

Summary

The Board's policy on Credit by Examination requires state universities to adopt uniform cut scores for awarding credit to students for earning acceptable scores on standardized exams. Current policy includes Advanced Placement (AP), College Level Examination Programs (CLEP) exams and International Baccalaureate (IB) exams. The proposed policy revision seeks to include standardized cut scores for Cambridge International (CI) exams as well. Staff recommends approval.

1/18/2023

Background

In December of 2016, the Board approved a policy requiring state universities to adopt standardized cut scores for awarding credit on AP and CLEP exams. The policy requires each state university to award credit for equivalent courses for all AP examination scores of three (3) and above and all CLEP examination scores of 50 and above. In 2019, the Board added International Baccalaureate (IB) exams to that policy, by adopting a policy that awards credit at a standardized cut score of four (4) and above. The Credit for Prior Learning (CPL) Task Force recommends the following policy addition: a standard cut score of E and above for Cambridge International (CI) Advanced Level (A Levels) exams or Advanced Subsidiary Level (AS Levels) exams when evaluated for the equivalent course or courses at their institution.

Membership on the CPL Task Force consists of representation from each university, as well as representation from the community college and technical college sectors. Their responsibility is delegated in Board policy to provide oversight of standardized recognition of credit for prior learning and to implement the Kansas Credit for Prior Learning Guidelines as approved by the Board.

Cambridge International Advanced Levels (A Levels) and Cambridge International Advanced Subsidiary Levels (AS Levels) are subject-based qualifications usually taken in the final two years of high school. Over 50 subjects are available with scores ranging from A* (highest) to U (lowest) on A Levels and a (highest) to u (lowest) on AS Levels. Cambridge International AS Level is typically a one-year program of study, while Cambridge International A Level typically takes two years. Assessment takes place at the end of each program, and schools have the freedom to offer a wide variety of subjects in almost any combination. The CPL Task Force conducted research regarding the interpretation of CI exam scores, practices and policies, and current practices for awarding credit for CI exams at their respective institutions. The Task Force concluded that consistent cut scores and transparency could attract international students and an increasing number of domestic students taking these exams to consider Kansas for higher education.

Recommendation

The proposed policy change would require state universities to adopt standardized cut scores for awarding credit for Cambridge International A Level exam scores of E and above and Cambridge International AS Levels e and above when evaluated for equivalent courses. Staff recommends approval.
