

**KANSAS BOARD OF REGENTS
COUNCIL OF CHIEF ACADEMIC OFFICERS**

VIRTUAL MEETING AGENDA

Wednesday, February 15, 2023

9:00 a.m. – 10:00 a.m.

or upon adjournment of SCOCAO

The Council of Chief Academic Officers (COCAO) will meet virtually via Zoom. An in-person option will be available at the Curtis State Office Building at 1000 SW Jackson, Suite 530, Topeka, Kansas, 66612. Meeting information will be sent to participants via email, or you may contact arobinson@ksbor.org.

COUNCIL OF CHIEF ACADEMIC OFFICERS

The Council of Chief Academic Officers (COCAO), established in 1969, is composed of the academic vice presidents of the state universities. The Board's Vice President for Academic Affairs serves as an ex officio member, and the member from the same institution as the chairperson of the Council of Presidents serves as chairperson of the Council of Chief Academic Officers. The chief academic officers of the University of Kansas Medical Center and Washburn University are authorized to participate as non-voting members when agenda items affecting those institutions are to be considered. The Council of Chief Academic Officers meets monthly and reports to the Council of Presidents. The Council of Chief Academic Officers works with the Board Academic Affairs Committee through the Vice President for Academic Affairs. Membership includes:

Barbara Bichelmeyer, Chair	KU	Howard Smith	PSU
R. Brent Thomas	ESU	Laura Stephenson (Interim)	Washburn
Jill Arensdorf	FHSU	Shirley Lefever	WSU
Charles Taber	K-State	Daniel Archer	KBOR
Robert Klein	KUMC		

Council of Chief Academic Officers AY 2023 Meeting Schedule

<i>COCAO Academic Year 2022- 2023 Meeting Dates</i>

*COCAO meets at 9:00 a.m. or upon adjournment of SCOCAO unless otherwise noted.

**Council of Chief Academic Officers
MINUTES**

Wednesday, January 18, 2023

The January 18, 2023, Council of Chief Academic Officers (COCAO) meeting was called to order by Chair Barbara Bichelmeyer at 9:00 a.m. The meeting was held through Zoom.

In Attendance:

Members:	Barbara Bichelmeyer, KU Chuck Taber, K-State Joan Brewer, ESU	Jill Arensdorf, FHSU Howard Smith, PSU Shirley Lefever, WSU	Robert Klein, KUMC Laura Stephenson, Washburn Daniel Archer, KBOR
Staff:	Amy Robinson Sam Christy-Dangermond Tara Lebar	Karla Wiscombe Cindy Farrier	Judd McCormack Marti Leisinger
Others:	Adam Borth, Fort Scott CC Ashlie Jack, WSU Elaine Simmons, Barton CC Jason Sharp, Labette CC Jennifer Callis, SATC JoLanna Kord, ESU Lisa Blair, NWKTC Melanie Wallace, Allen CC Mistie Knox, USD224 Stuart Day, KU Tara Lindahl, Washburn Tech	Aron Potter, Coffeyville CC Cindy Hoss, Hutchinson CC Jane Holwerda, Dodge City CC Jean Redeker, KU Jenn Roberts, KU Karen Johnson, PSU Marc Malone, Garden City CC Michelle Schoon, Cowley CC Shawn Keough, ESU Susan Castro, WSU Tom Nevill, Butler CC	Andy Howe, K-State Christy Johanson, Dodge City CC Heather Rinkenbaugh, Butler CC Jennifer Ball, Washburn Jerry Pope, KCKCC Linnea GlenMaye, WSU Mickey McCloud, JCCC Monette DePew, Pratt CC Steve Loewen, FHTC Tanya Gonzalez, K-State Taylor Crawshaw, Independence CC

Roll call was taken for members and presenters.

Approval of Minutes

Howard Smith moved to approve December 14, 2022, meeting minutes, and Jill Arensdorf seconded the motion. With no corrections, the motion passed.

Council of Faculty Senate Presidents (CoFSP) Update

Susan Castro, WSU's faculty senate president, provided the update. Susan stated they are digesting the final rpk GROUP report but do not have a formal update at this time.

First Readings

Barbara Bichelmeyer and Stuart Day presented the first reading for a BAS in Operations Management at KU. The hybrid program will be housed at the KU School of Professional Studies at the Edwards Campus. The program was designed to meet growing employment demands for operations management, supply chain, purchasing, and related workforce needs in the Kansas City Metro area. They project there will be at least 7,000 openings in these areas over the next few years. The program will be up for approval with a second reading on February 15th.

Second Readings

Barbara Bichelmeyer presented a summary of the BA/BS in Criminal Justice. She noted they had included letters of support in the agenda materials. Two institutions had expressed concerns, including program duplication, sharing markets, and the modality. KU discussed these concerns with the institutions prior to the

meeting.

The Council moved and seconded to approve the program. FHSU, ESU, and WSU voted nay. As the vote was 3-3, the motion did not pass. However, the program will still proceed in the approval process and will be up for review in COPS on February 15th, BAASC on February 28th, and the Board on March 22nd.

Other Requests

- Chuck Taber presented a request to approve changing the name of the Center for Information and Systems Assurance (CISA) to the Center for Cybersecurity and Trustworthy Systems (K-CaTS) at K-State. The center has operated under CISA since 2006. However, a federal agency also uses this acronym which has caused confusion. Renaming the center will eliminate this confusion moving forward.

Jill Arensdorf moved to approve the name change, and Howard Smith seconded. The motion passed unanimously. The name change will go to Dr. Blake Flanders for final approval.

- Tara Lebar presented a request for revisions to the KBOR Credit by Examination policy on behalf of the Credit for Prior Learning (CPL) Task Force. Background and changes are outlined on page 41 of the agenda, and the policy can be found at https://www.kansasregents.org/about/policies-by-laws-missions/board_policy_manual_2/chapter_ii_governance_state_universities_2/chapter_ii_full_text#exam. The task force and KBOR staff are requesting state universities to adopt standardized cut scores for awarding credit for Cambridge International A and AS Level exam scores of E and above when evaluated for equivalent courses.

Chuck Taber moved to approve revising the Credit by Examination policy as presented, and Shirley Lefever seconded. The motion passed unanimously.

Other Matters

Howard Smith noted that PSU is working on moving the Kelce College of Business to an area in downtown Pittsburg, Kansas. They are currently in a facility that no longer fits their needs.

Robert Klein noted that KUMC will be proposing a Ph.D. in Clinical Investigation. This will be primarily for MDs but also for other doctoral-level individuals. They expect it to go to a first reading in COCAO around April. Robert also noted that the 21st annual K-INBRE (Kansas IDeA network in Biomedical Research Excellence) Symposium was held in person in Kansas City. Howard Smith also attended, and both stated it was immensely successful.

Adjournment

The next COCAO meeting is scheduled virtually for February 15, 2023, at 9:00 a.m.

Jill Arensdorf moved to adjourn the meeting, and Joan Brewer seconded the motion. With no further discussion, the meeting adjourned at 9:10 a.m.

Program Approval

Summary

Universities may apply for approval of new academic programs following the guidelines in the Kansas Board of Regents Policy Manual. The University of Kansas has submitted an application for approval and the proposing academic unit has responded to all of the requirements of the program approval process.

February 15, 2023

I. General Information

A. Institution University of Kansas

B. Program Identification

Degree Level: Bachelor's
Program Title: Operations Management
Degree to be Offered: Bachelor of Applied Science
Responsible Department or Unit: School of Professional Studies
CIP Code: 52.0205
Modality: Hybrid
Proposed Implementation Date: Fall 2023

Total Number of Semester Credit Hours for the Degree: 120

II. Clinical Sites: Does this program require the use of Clinical Sites? No

III. Justification

The School of Professional Studies, based at the KU Edwards campus in Overland Park, proposes to create a hybrid Operations Management degree to meet the growing employment demands of operations management, supply chain management, purchasing, and related workforce needs in the Kansas City metropolitan area, the greater Kansas and Missouri region and nationally. The Bachelor of Applied Science in Operations Management curriculum is structured as a degree completion program that prepares students to develop, improve and manage the processes used to produce and transport products, services and people. The program explores the technical and strategic aspects of producing goods and services while providing students with the foundational operations management skills necessary to become successful business leaders. Students will learn about implementation, innovation, planning, and strategy to build a valuable knowledge base and practical skill set. In addition, students are able to partner the Operations Management degree with other School of Professional Studies programs or KU Edwards programs to gain additional expertise related to project management, information technology, or public administration. The Operations Management program will prepare students to enter careers such as supply chain management, production management, purchasing, project management or other related fields.

The degree is designed for students who have already earned an associate's degree or equivalent hours and are looking to complete the last two years necessary for a bachelor's degree. The program is offered in a hybrid format to allow students the flexibility to complete courses online and in person. It will leverage the current transfer community infrastructure to help recruit students from area community colleges. The curriculum of this program is simultaneously focused and flexible, allowing students to strengthen their academic training with minimal pre-requisite barriers and maximum ability to tailor the program to meet students' needs.

Though KU Edwards does not currently offer lower-division undergraduate (freshman-sophomore) courses, this degree intends to build on transfer credit in from other institutions. We anticipate students interested in pursuing a BAS in Operations Management to come primarily from community college partners in the KC metro area including Johnson County Community College (JCCC) and Kansas City Kansas Community College (KCKCC), and the Metropolitan Community College in Missouri (MCC).

IV. Program Demand

Market Analysis

According to the Mid America Regional Council, general and operations managers are in the top five occupations that are expected to have the highest growth in employment in the Kansas City region over the next 10 years. For those positions requiring a bachelor's degree for entry, general operations managers, management analysts, and business operations specialists are all projected to be in the top 10 growth occupations in Kansas City. Additionally, health care, retail trade, and professional services are the largest industries in the Kansas City economy with 98,600 jobs in the Kansas City metropolitan region as reported in the second quarter of 2020. Management of companies is the region's largest job specialization, followed by jobs within the federal government, professional, technical and scientific services; transportation and warehousing; finance and insurance; and wholesale trade (MARC, 2021). Between January 2019 to January 2020, management jobs increased by 1.4 percent equating to a net +400 jobs (MARC, JobsEQ). More recently between October 2020 to October 2021, professional and technical services increased by 7.5% (Bureau of Labor Statistics, Jobs EQ).

Student Demand

With KU Edwards offering baccalaureate degree completion programs, we anticipate additional student interest for the BAS in Operations Management to come from community college partners in the KC metro area. To ensure strong enrollment in the program, transfer pathways will be developed between JCCC, KCKCC, and MCC for this BAS degree. Each local community college has strong enrollment in its Business program as well as programs in construction management, food and beverage management, information technology, etc., that could serve as a pipeline

Additionally, the KU Edwards Campus regularly receives student inquiries for business-related degree completion programs that are available in a hybrid format and this program would address that need. The number of inquiries received would be in the top five requested majors for programs at KU Edwards.

Comparative/Locational Advantage

As an emerging degree focused on adult learner, working professional, and college transfer pathways to baccalaureate completion, there are limited Bachelor of Applied Science in Operations Management degree offerings in the region. This would be the first BAS in Operations Management degree to be offered in the hybrid format in the larger Midwest region. In the state of Kansas, FHSU offers an on-campus and online degree with the same CIP Code (BBA in Management with a concentration in Operations Management). The most similar programs nationwide are at Arizona State University, University of Arizona, and University of Massachusetts. Additional universities offer related programs such as BBA degrees with emphasis areas in supply chain management or operations management as well as few in person offerings available.

The curriculum for KU's BAS in Operations Management differs from similar programs by giving students the opportunity to focus coursework on operations management to strengthen that skill set. The program also provides students flexibility with allowing students the opportunity to obtain a minor in another discipline.

V. Projected Enrollment for the Initial Three Years of the Program

Year	Total Headcount Per Year		Total Sem Credit Hrs Per Year	
	Full- Time	Part- Time	Full- Time	Part- Time
Implementation	10	5	300	60
Year 2	20	15	600	180
Year 3	30	20	900	240

VI. Employment

Regional Perspective:

In 2021, according to the U.S. Bureau of Labor Statistics (BLS) Occupational Outlook Handbook, employment increased over the year in the Kansas City metropolitan area. Specifically, Kansas City, MO, which accounts for 56% of the area's total nonfarm employment, gained 35,500 jobs and Kansas City, KS, with 44 percent of area's employment, gained 11,200 jobs. Within the Kansas City region, the management employment sector is expected to see continued strong growth. According to the Mid America Regional Council, general and operations managers are in the top five occupations that are expected to have the highest growth in employment in the Kansas City region over the next 10 years. For those positions requiring a bachelor's degree for entry, general operations managers, management analysts, and business operations specialists are all projected to be in the top 10 growth occupations in Kansas City.

Additionally, health care, retail trade, and professional services are the largest industries in the Kansas City economy with 98,600 jobs in the Kansas City metropolitan region as reported in the second quarter of 2020. Management of companies is the region's largest job specialization, followed by jobs within the federal government, professional, technical and scientific services; transportation and warehousing; finance and insurance; and wholesale trade (MARC, 2021). Between January 2019 to January 2020, management jobs increased by 1.4 percent equating to a net +400 jobs (MARC, JobsEQ). More recently between October 2020 to October 2021, professional and technical services increased by 7.5% (Bureau of Labor Statistics, Jobs EQ).

In 2020, 17,496 jobs in General and Operations Managers were reported in the Kansas City region. Jobs EQ notes total demand (replacement and growth) in general and operations managers is expected to fill 15,783 jobs in the Kansas City region over the next ten years. Business operation specialists fill 7,254 job positions in KC in 2020 with a total growth and replacement need over the next ten years of 7,102 jobs.

VII. Admission and Curriculum

A. Admission Criteria

Students must apply to KU and be admitted by the School of Professional Studies. Prior to entering the program, students must complete two (2) years of undergraduate college course work with a total of 60 semester credit hours and a cumulative GPA of at least 2.0.

B. Curriculum

Year 1: Fall

SCH = Semester Credit Hours

B. FUNDING SOURCES <i>(projected as appropriate)</i>	Current	First FY (New)	Second FY (New)	Third FY (New)
Tuition / State Funds		\$174,600	\$378,300	\$552,900
Student Fees		\$0	\$0	\$0
Other Sources (JCERT)		\$159,663	\$0	\$0
GRAND TOTAL FUNDING		\$334,263	\$378,300	\$552,900
C. Projected Surplus/Deficit (+/-) (Grand Total Funding <i>minus</i> Grand Total Costs)		\$0	\$32,013	\$95,327

X. Expenditures and Funding Sources Explanations

A. Expenditures

Personnel – Reassigned or Existing Positions

The BAS in Operations Management program will utilize some existing courses that are currently offered at KU Edwards in the Project Management program. Costs of instruction are already covered by these existing programs since they have additional enrollment capacity in the courses being offered. Funds have been allocated in the second and third years to fund additional sections as needed.

A current academic success coach will be assigned to work with the Operations Management program. The Operations Management program will make up 50% of their student load and the Operations Management program will fund 50% of salary and fringe.

John Bricklemeyer will serve as Acting Program Director until the new Program Director begins (estimated start date of June 2022). As Acting Director, Bricklemeyer will begin the course development for OMGT 300 and 310 during the Spring semester. These two courses will be finalized by the new program director upon hire and ready to offer in Fall 2023.

Personnel – New Positions

The Operations Management program will hire two new faculty members with an emphasis on operations management or a related business field in the first year. One will serve as the program director and teach in the program with their time split 80% teaching and 20% administration. The second will have 100% of their load dedicated to teaching in the program. These faculty members will be responsible for developing the new OMGT courses needed for the program. More specifically, the Program Director will finalize the development of OMGT 300 and 310 during Summer 2023 (as referenced above) and both faculty will share in the development of the remaining courses: OMGT 320 and 330 during Fall 2023; OMGT 420 during Spring 2024; and OMGT 440 and 499 during Fall 2024. Additional funding has been allocated in year three to support hiring an additional faculty member with 100% of their load dedicated to teaching in the program as well as adjunct faculty as needed.

Start-up Costs – One-Time Expenses

In order to ensure a successful launch of the hybrid program, we have designated \$30,000 for course development for each of the first two years. These funds will provide faculty with additional resources to develop the courses needed for the program.

Operating Costs – Recurring Expenses

All equipment, library, and supplies have been accounted for in the existing services provided to KU Edwards students and no additional cost will be associated with the program. The KU Edwards Campus is allocating \$500 each year for instructional resources, \$2,500 each year for recruitment efforts, and \$10,000 each year for marketing efforts. In addition, the program faculty members will receive \$1,400 each year for professional development.

B. Revenue: Funding Sources

The BAS in Operations Management program is a Johnson County Education and Research Triangle¹ (JCERT) funded program. The program will be fully funded through JCERT funds and tuition revenue. No state funds will be utilized. JCERT funds will be used to help fund the program during the implementation year until the program is revenue generating and sustainable on tuition funds alone. BAS in Operations Management students will be charged an all-inclusive tuition rate of \$485 per credit hour to ensure that the program is affordable and accessible to all students, nationwide.

C. Projected Surplus/Deficit

Given the anticipated costs and revenue, the program is expected to break even the first year after implementation but expects to see a surplus in the second year. JCERT funds will be used to help fund the program during the implementation until the program is revenue generating and sustainable on tuition funds alone. With the current enrollment estimates, the program is expected to have a revenue surplus after two years. These funds will be utilized to help improve the overall student experience and provide additional funding.

Pittsburg State University

OFFICE OF ACADEMIC AFFAIRS

January 26, 2023

Dr. Daniel Archer
Vice President for Academic Affairs
Kansas Board of Regents
1000 SW Jackson Street, Suite 520
Topeka, KS 66612-1368

Dear Dr. Archer:

Pittsburg State University is deleting a major in the School of Technology and Workforce Learning.

1. Elimination of the Bachelor of Science in Education with a major in Technology & Engineering Education (CIP: 13.1309). The degree will be merged into our existing Bachelor of Science degree in Career and Technical Education.

This degree elimination has been fully legislated and approved at PSU.

Sincerely,

A handwritten signature in cursive script that reads "Howard W. Smith".

Howard W. Smith, Ph.D.
Provost and Vice President for Academic Affairs

Provost & Executive Vice Chancellor

DATE: February 1, 2023

RE: Name Change Requests

The University of Kansas requests to change the name of a degree and a center as detailed below.

1. MS in Digital Content Strategy to MS in Digital and Integrated Marketing Communications

The William Allen White School of Journalism and Mass Communications seeks to change the name of its MS in Digital Content Strategy to an MS in Digital and Integrated Marketing Communications. The program was first offered in 2016 and the name change was suggested by an advisory board to better reflect a curricular revision that incorporates integrated marketing communications.

2. Center for Psychoeducational Services to OASIS (Outcomes, Assessment Services, & Intervention Supports)

The School of Education and Human Sciences seeks to change the name of the Center for Psychoeducational Services to OASIS (Outcomes, Assessment Services, & Intervention Supports). The Center is a self-sustaining nonprofit agency that trains graduate students in the Department of Educational Psychology programs in School Psychology, Counseling Psychology, and Research, Evaluation, Measurement & Statistics. Graduate students acquire applied training skills like clinical assessment, intervention, and consultation and the Center hosts clinical research projects. The OASIS acronym better reflects the work being done in the department and will be more welcoming and recognizable to the greater Lawrence community.
