

Credit for Prior Learning: Mapping ACE Credit Recommendations for Kansas Military and Veteran Students

**American Council on Education
College and University Partnerships**

**Kansas Board of Regents
March 3, 2017**

Today's Agenda

- **Introductions**
- **Icebreaker**
- **Credit for Prior Learning Basics**
- **The ACE Review and Recommendation Process**
- **Mapping Tools: Joint Services Transcript (JST) & Military Guide**
- **Debrief, Discuss, Plan for Next Steps**

Icebreaker: Burning Questions

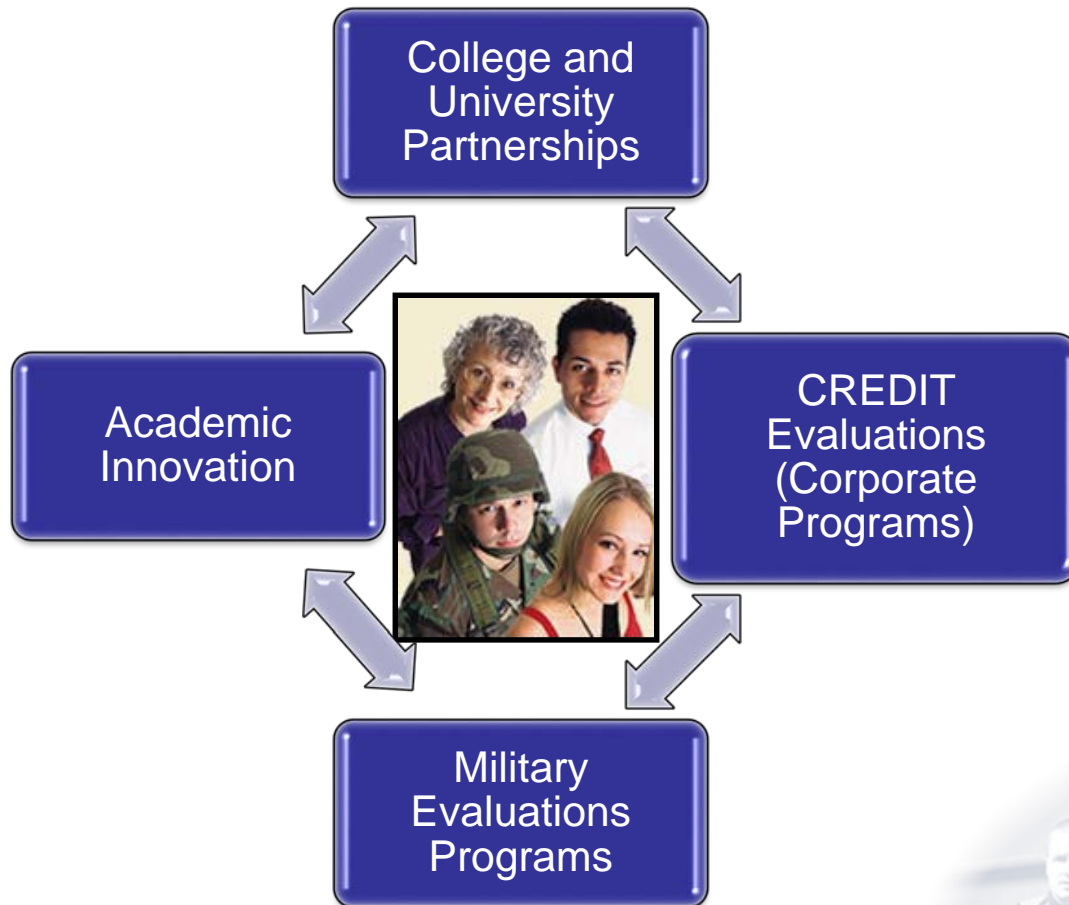

A LITTLE PLA HISTORY

Serving Those Who Serve

Center for Education Attainment and Innovation (CEAI)

“To be the world class organization that transforms lives through innovative practices across all forms of learning.”

What Is Prior Learning Assessment?

A set of well-established, researched and validated methods for assessing non-collegiate learning for college credit.

A process that allows learners to demonstrate knowledge and skill in particular field or fields and have that learning evaluated for college credit.

Credit for Prior Learning Classifications

the NATIONAL GUIDE TO COLLEGE CREDIT FOR WORKFORCE TRAINING

Welcome to CREDIT

The **American Council on Education's** College Credit Recommendation Service (CREDIT) connects workplace learning with colleges and universities by helping adults gain access to academic credit for formal courses and examinations taken outside the traditional classroom.

The ACE National Guide to College Credit for Workforce Training contains ACE credit recommendations for formal courses or examinations offered by various organizations, from businesses and unions to the government and military.

THE ACE REVIEW & RECOMMENDATION PROCESS

Serving Those Who Serve

The ACE Review Process

It is the charge of the faculty to determine the academic rigor and course equivalency based on the depth and breadth of the materials and alignment with the evaluation of content mastery.

Evaluation Activities

Military Evaluations Program-
Evaluate formal courses and occupational specialties within the military and recommend college-level credit.

- Central educational authority
- Formal assessments verification
- Firm identification of the student
- 45 academic hours (minimum)

The Art of an ACE Military Review

- USA ~ Training and Doctrine Command (TRADOC)
- USMC ~ Training and Education Command (TECOM)
- USN ~ Navy Education and Training Command (NETC)
- USAF ~ Air Force Voluntary Education (AF-A1)
- USCG ~ Coast Guard Institute (CGI)

ACE Review Team

Team Coordinator directs the a multi-disciplinary group of Subject Matter Experts based on CIP codes and review needs.

At times a Psychometrician will be part of the team to establish proper testing procedures and review its validity and reliability.

Items Reviewed By Team

- **Course syllabus**
- **Textbooks**
- **Assessment of Student Learning Outcomes**
- **Student & instructor guides**
- **Laboratory projects**
- **Instructional support materials**
- **Instructor Qualifications**

Level of
Difficulty

Bloom's Taxonomy (Revised)

The Course Review

- Formal military instruction and military occupations specialties whose objectives, content and assessments are congruent and must be similar to one found at post-secondary level.
- Instructor-driven courses with goals and outcomes, sequential topics, assignments and activities, content presentation, evaluation assessments and rubrics
- Distance learning/online courses with documented rigid control test conditions and Correspondence courses with proctored end-of course exams

The Occupation Review

Review occupational standards to build faculty team & develop final recommendations:

Interview service members:

- Focus on representation of job expectations at each pay grade/skill level.
- Clarify & validate official military documentation (occupation manuals, task standards, etc.).
- Maintain focus to determine if job knowledge, skills & abilities learned above & beyond formal military training.

Validation: Sample Interview Questions

General Questions

- What is a “typical” duty day expectation for this pay grade (or skill level)?
- What percentage of the job for this pay grade (or skill level) is manual hand or field work? What percentage is office work?

Technical or Hard Skills Questions

- Considering on-the-job-training (OJT), what are the job duties expected of this pay grade (or skill level) now?
- Describe any technical tools or resources used at this pay grade (or skill level).
- Please describe the **new** technical skills, specifically related to the occupation, that a person is expected to learn OJT at this pay grade (or skill level).

Management or Soft Skills Questions

- Describe the management responsibilities in this pay grade (or skill level)?
- Describe the requirements in terms of using a computer in this pay grade (or skill level)? What software programs or applications are used?
- How is leadership demonstrated in this pay grade (or skill level)?
- Please describe the level of supervision expected in this pay grade (or skill level)? To what degree does this supervision influence performance of subordinates?

- **Based on college-level equivalencies:**

- **Credit Categories**

- Vocational/Certificate
- Lower Division Baccalaureate/Associate
- Upper Division Baccalaureate
- Graduate

Faculty Toolbox

ACE's Military Evaluations Program: Terms and Definitions

1

Term	Definition
Academic Hours	Those hours within the delivery of a program of instruction that are instructor led or which are performed under the supervision of the instructor.
Analysis, Design, Development, Implementation, and Evaluation (ADDIE Model)	A method of curriculum design that incorporates the Analysis, Design, Development, Implementation, and Evaluation (ADDIE) phases. Core to the ADDIE model is the establishment of Terminal and Learning Objectives to derive the desired learning outcomes by the students for each module of instruction.
Assessment	Refers to the wide variety of methods that educators use to evaluate, measure and document the academic readiness, learning progress, and skill acquisition of students. These may be standardized tests or performance assessments among others. The assessment should be rigorous in that it should be of such complexity as to properly evaluate the learning desired for the scope of the course.
Clinical	Education conducted in an operational medical setting such as patient encounter clinics, hospitals, laboratories, examinations, and ambulance transports.
Community College of the Air Force (CCAF)	The Community College of the Air Force is a regionally accredited degree institution for enlisted airmen. ACE does not evaluate courses that fall under CCAF.
Content	The knowledge, skills and attitudes imparted by learning areas/subjects cutting approaches and performance activities. Topics and subjects align with higher education, professional, national, state, and/or standards of curriculum. A connection to higher education level courses are clear and descriptive. Resources and materials are cogent with education.
Course Description	The identification of the course materials including items such as objectives or outcomes and scope.
Course Goal	The course goal simply states the intent or desired accomplishment of the course is designed to teach the student.
Course Terminal Objective	Describe the learner's expected level of performance for the course/training and describe results of the training needed to achieve the learning.

Course Review Checklist and Notes:

Thoughts:

1. As an evaluation team, we are not casting judgment about how the course has been constructed or being delivered; stay focused on the learning that is occurring within the course and whether it warrants post-secondary credit recommendations.
2. This is a formative tool designed to support evaluator collaboration, discussion, and findings. You are exercising your professional judgment with a perspective not only from your academic institution, but based on the current curriculum trends across the country.
3. Reference the **Definition of Terms** tool as supporting guidance.

Section 1: Course planning resources

	Yes	No	N/A	Notes
A) The course planning tools (such as a POI) provide a thorough overview of the course expectations				
B) The curriculum is current				
C) There are a documented course objectives				
D) The learning outcomes are stated within the planning tools (such as a POI, TCCD, syllabus)				

Section 2: Instructional Materials / Resources

	Yes	No	N/A	Notes
A) The quantity and type of instructional materials are sufficient to align with the learning outcomes				
B) The lesson plans relate to the learning outcomes				
C) The lesson plans address a skill, behavior or knowledge to be learned				

Section 3: Academic Content

	Yes	No	N/A	Notes
A) The modules / units within the course align to current post-secondary curricula				
B) The level of the content being taught is equivalent to post-secondary expectations				
C) The training topics covered support a credit recommendation				
D) The learning outcomes reflect what the student is expected to know, understand or be able to demonstrate				
E) The learning outcomes have measurable criteria				

Military Review Summary

No magic elixir

- Content, scope, and rigor
- Learning outcomes; alignment to assessment
- Current curriculum

Not always credit

- Insufficient materials
- Inadequate Assessments
- Limited scope
- Too military specific

Faculty collaboration

- 100% consensus
- At least 3 faculty per course
- Aligned subject area expertise

Serve as an Evaluator

- **Must be actively teaching college-level courses.**
- **Discipline expertise is needed, you are contacted directly to serve on the ACE team.**
- **ACE provides an honorarium and for travel expenses.**

TOOLS FOR MAPPING: MILITARY GUIDE AND JST

Serving Those Who Serve

The Military Guide

www.acenet.edu/militaryguide

Military Guide

Guide to the Evaluation of Educational Experiences in the Armed Services

ACE's Military Guide presents credit recommendations for formal courses and occupations offered by all branches of the military. These credit recommendations appear on the service member's Joint Services Transcript (JST).

All recommendations are based on ACE reviews conducted by college and university faculty members who are actively teaching in the areas they review.

The Military Guide includes all evaluated courses and occupations from 1954 to the present. New courses and occupations are continually being evaluated by ACE, and these entries are added on a daily basis.

New Features

During the past year, ACE convened a group of faculty evaluators, college and university registrars, and other key users to make recommendations on overhauling and streamlining the course exhibits on the Military Guide. The goal was to make these exhibits more like college course syllabi to make it easier to draw parallels between military training and college courses. Exhibits for courses evaluated after October 1, 2015 follow the new format, including:

- an overall course description that mimics what appears in a college catalog
- expanded methods of assessment that demonstrate the rigor of the student evaluation mechanisms
- the minimum passing score required to pass the course, so colleges can align the training with their own grading practices
- credit recommendations with associated learning outcomes that document exactly what the student has learned in each subject area

The **NEW sample course exhibit** (PDF) provides more information for courses evaluated after October 1, 2015. For courses evaluated before September 30, 2015, see the **sample course exhibit**.

Past Enhancements

ACE works closely with a variety of stakeholders who use the Military Guide to enhance the utility of the data. Here are some examples of recent changes.

MC-1710-0047 v5

Title: TANK SYSTEM MECHANICS

Course Number: GBN.

Location: Marine Corps Detachment, U.S. Army Armor Center, Fort Benning, GA.

Length: 13 weeks (441 hours).

Exhibit Dates: 12/13–Present.

Overall Course Description: This course provides students with the knowledge and skills to troubleshoot, repair, adjust, and replace various components and systems in accordance with manufacturers' service manuals on various vehicle systems to include climate control systems, transmissions, and electrical systems.

Instructional Strategies: Methods of instruction include audiovisual materials, classroom exercises, discussion, laboratory, lecture, and practical exercises.

Methods of Assessment: Methods of assessment include group projects, multiple-choice exams, open-ended question exams, performance tests, and quizzes.

Minimum Passing Score: 80%

Credit Recommendation: In the lower-division baccalaureate/associate degree category, 3 semester hours in transportation climate control, 3 in advanced automobile electricity, 3 in introduction to transportation technology, and 2 in automatic transmissions and transaxles (11/15)(11/15).

Learning Outcomes:

Transportation Climate Control

The student will be able to apply theories of refrigeration and heating; operate electrical, electronic, and pneumatic controls; diagnose and repair climate control systems; interpret and apply safety and environmental regulations; and recover and recycle system refrigerant.

Advanced Automobile Electricity

The student will be able to apply electrical theory; analyze and interpret wiring diagrams; test and diagnose electrical circuits; troubleshoot and repair wiring; operate and evaluate electrical test equipment; distinguish between series and parallel circuits; measure amperage and resistance; demonstrate electrical safety; test solid state devices, solid state power supplies, and amplifiers; and explain alternating and direct current.

Introduction To Transportation Technology

The student will be able to interpret and apply environmental regulations; identify and manipulate hand tools; research and interpret service information; identify various vehicle systems; apply workplace safety and personal protective equipment (PPE); and locate and select proper material safety data sheets (MSDS).

Automatic Transmissions And Transaxles

The student will be able to operate, diagnose, and repair automatic transmissions; apply the theory of torque; service and repair manual drive trains; and evaluate variations in power flow.

THIS PAGE WAS LAST UPDATED ON 12/21/2015

ACE course reviews are conducted by faculty currently teaching at appropriately accredited colleges and universities. Faculty teams analyze the course's instructor materials, student materials, and assessments to determine if the content, scope, and rigor align to current postsecondary curricula. A minimum of 3 faculty evaluators must achieve consensus on credit recommendations. Please see Faculty Evaluators - Home Page for more information.

Title:³ ARMY NATIONAL GUARD NON-CAREER RECRUITER

Course Number:⁴ 805B-SQI4.

Location:⁵ NGB Retention and Recruiting Center, North Little Rock, AR.

Length:⁶ 5 weeks (224 hours).

Exhibit Dates:⁷ 10/13–Present.

Overall Course Description:⁸ This course provides students with an overview of how to design and carry out various staffing activities effectively within labor market and legal and policy constraints. The focus is on staffing activities, including recruitment (whom to recruit, where and when to recruit, and how to recruit); selection (whom to hire and why); and placement (in which jobs, at what time, and in what career progressions).

Instructional Strategies:⁹ Methods of instruction include audiovisual materials, classroom exercises, discussion, learner presentations, lecture, and practical exercises.

Methods of Assessment:¹⁰ Methods of assessment include case studies, presentations, and rubrics.

Minimum Passing Score:¹¹ 80%

Credit Recommendation:¹² In the upper-division baccalaureate degree category, 3 semester hours in staffing and recruitment and 3 in personal selling and sales management (10/15)¹³(10/15)¹⁴.

Learning Outcomes:¹⁵

Staffing And Recruitment

The student will be able to discuss the personnel staffing function including legal, policy and practical issues in the employee selection and placement process; identify recruitment sources and techniques/strategies for the design of effective recruitment aids; describe how to

1 ACE ID number: All course ID numbers have two-letter codes that identify the service: AR is Army, NV is Navy, MC is Marine Corps, AF is Air Force, CG is Coast Guard.

2 This is the version number for this course. See the exhibit dates below for the dates covered by this version.

3 Military course title.

4 Military course number used by the service school.

5 Location of the service school, installation and state where the course is taught.

6 The weeks indicate the length of the course and the hours in parentheses show the contact hours with instructors.

7 These are the dates that apply to this version. Use the version that corresponds to the date the student started the course.

8 The overall course description describes the mission/goal/objective of the course and summarizes the major foundational topics in the course.

9 This section describes the methods of instruction used in the course.

10 Methods of assessment show the tools used to test the student's mastery of the topics taught in

Pework Revisit: Practice Searching the Military Guide

Begin with this link: <http://www.acenet.edu/news-room/Pages/Military-Guide-Online.aspx>

- Search Occupations to find Occupation Title *Military Police*; then find MOS-31B-003.
- Search Occupations to find Occupation Title *Firefighter*; then find MOS-12M-001.
- Review the alignment that Kansas institutions have already made for credit awards for these two occupations:

<http://kansasregents.org/students/military/credit-for-military-alignment>

JST – Show of Hands

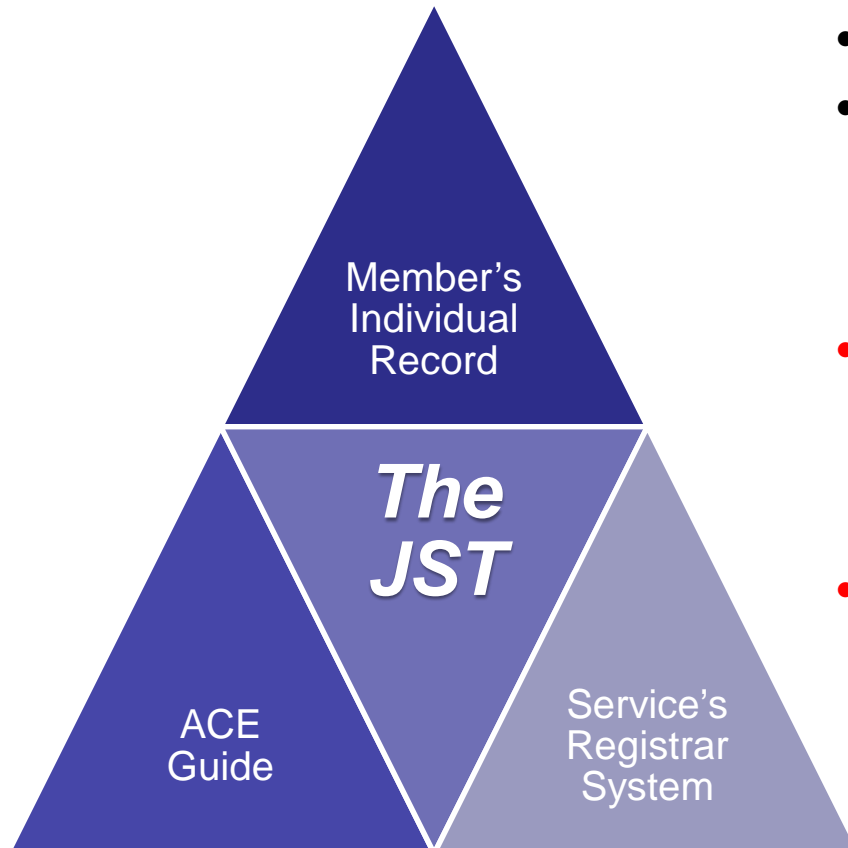

Please select the level that reflects your knowledge and use of the JST:

- I'm a super user; I work with the JST daily and am very knowledgeable.
- I'm an average user; I use the JST occasionally and am somewhat familiar with it.
- I'm brand new to the JST and not familiar with it at all.

Serving Those Who Serve

Mapping: Military Medic to Paramedic Lansing (MI) Community College

LCC offers a Certificate of Achievement (CA) for the military medic to paramedic transition.

In addition, individuals can continue onward to receive an associate degree (AAS) in Emergency Medical Services and/or Nursing upon successful completion of their paramedic education.

Mapping: Military Medic to Paramedic Lansing (MI) Community College

Paramedic Certificate of Achievement (36 hour program)

- 8 credits awarded for military education and experience
- Complete 23 credits of paramedic education
- BIOL 145 (4 credits) - required before admission to program

Emergency Medical Services Associates Degree (67 hour program)

- 14 credits awarded for EMT-Basic
- 8 credits awarded for military education and experience
- Complete 23 credits of paramedic education
- BIOL 145 (4 credits) - required before admission to program
- 16 credits of general education and EMS electives

Mapping: Military Medic to Nursing Lansing (MI) Community College

RN Associate Degree (72 credit hour program)

- **14 credits are awarded for Paramedic licensure**
- **Courses taken will follow the Advanced Standing track**

Both programs (EMS and Nursing) are State of Michigan approved and nationally accredited by respective accrediting body.
