**Institution:**

Neosho County Community College

## **Business Administration, Management, and Operations Systemwide General Education and Transfer Associate Degree**

The systemwide transfer degree provides a pathway from any Kansas public community college offering the associate degree to any Kansas public university offering the baccalaureate degree. The pathway identifies courses/credit hours taken at the community college level and reflects the Kansas Board of Regents (KBOR) General Education framework “buckets” ([https://www.kansasregents.org/academic\\_affairs/general-education/seven-bucket-framework](https://www.kansasregents.org/academic_affairs/general-education/seven-bucket-framework)). The courses will transfer to any public university as the first sixty hours toward the articulated degree. The remaining credit hours at the universities are the required courses to complete the baccalaureate degree.
