Kansas Board of Regents
Building a Future for Kansas Families, Businesses and the Economy

Data Collections

The presentation today is made possible by the staff at the institutions who submit their data to the Data, Research and Planning team within the Board of Regents.

Using this information, we maintain online reporting tools and reports such as KSDegreeStats, the strategic plan dashboard, the four databooks, and the KHEStats online reporting tool referenced throughout this presentation.

Many thanks to the dozens of people involved with our data collections.
