## Section II Notes

### General Notes:

1. Tuition and fees listed in this section have been approved by the Kansas Board of Regents, per standard procedures as outlined in the KBOR Policy Manual. Section II.D.1 a-b of the KBOR Policy Manual provides that "Each state university shall submit proposed changes for the following to the student body president and to the appropriate student organization prior to Board consideration: (1) fees required of every student as a condition of enrollment; (2) student housing fees; (3) building construction fees; (4) changes in academic fees; and (5) tuition rates." Once approved by the appropriate student organizations, all proposed changes for tuition and required fees must come before the Fiscal Affairs and Audit Committee of the Board for their review. After approval by the Fiscal Affairs and Audit Committee, proposals are then sent to the full board for their final approval.
2. Rates for the University of Kansas and Kansas State University exclude University of Kansas Medical Center, Kansas State University Vet Med Center, and Kansas State University Salina.
3. The average resident undergraduate tuition per AY (two semesters) is measured in terms of Academic Year for tuition and fees.
4. Definitions of terms in this section can be found in the Glossary.
5. State university tuition and fee data can also be found on the "Tuition" tab of the Kansas Higher Education Statistics (KHEStats) web tool. KHEStats provides more robust historic data than the data books and can be accessed at [stats.kansasregents.gov](https://stats.kansasregents.gov).

### Tables 2.1a – 2.1d

1. The Board of Regents approved a new \$120 per semester infrastructure fee for Pittsburg State University effective with the Spring Semester of Academic Year 2021. This is reflected in the tables starting with Academic Year 2022.
2. Rates for the University of Kansas and Kansas State University exclude University of Kansas Medical Center, Kansas State University Vet Med Center, and Kansas State University Salina.

### Table 2.2: Tuition and Fees – Resident/Non-resident by Student Level

1. Table 2.2 identifies tuition charged of both undergraduates and graduates for state universities. It also identifies both tuition and required fees being charged at each institution. Each institution has certain fees mandatorily charged of each student in addition to tuition. These fees finance a variety of items including student activities, student health services, and the cost of student unions. Regarding budget, a major difference is that tuition is part of the General Use budget and fees are a part of the Restricted Use budget. When making national comparisons of student charges, it is necessary to compare combined tuition and required fees.
2. The Board of Regents approved a new \$120 per semester infrastructure fee for Pittsburg State University effective with the Spring Semester of Academic Year 2021. This is reflected in the tables starting with Academic Year 2022.

### Table 2.3: Five-Year Undergraduate Tuition and Fees Comparison

1. Beginning in Academic Year 2014, the universities now have revised peer institutions. In Academic Year 2023, Wichita State University again revised their peer institutions. In Academic Year 2024, Kansas State University again revised their peer institutions. A list of previous peers and revised peers for each institution is as follows:

**Table 2.4: Ratio of Tuition Revenues to Education Costs**

1. Compiled from Tuition revenues as a percentage of Education costs, defined as: General Use Expenditures for Instruction, Academic Support, Student Services, Institutional Support, Scholarships, and Physical Plant.
2. This is the traditional “Kansas Fee to Cost Ratio” which has been measured in this manner since 1966.

### **Table 2.41: Food and Housing Costs**

1. For the purposes of this table, housing charges are based on a double occupancy room and food charges are the maximum meal plan. These definitions align with the Integrated Postsecondary Education Data System (IPEDS) Costs survey component.
2. The phrase “food and housing” was formerly referred to as “room and board”. The updated terminology aligns with federal changes in response to the Free Application for Federal Student Aid (FAFSA) Simplification Act.

### **Table 2.6: Relationship of Resident Tuition per Semester and Consumer Price Index**

1. The average resident undergraduate tuition per semester is measured in terms of Academic Year for tuition and fees.
2. The Consumer Price Index-Urban (CPI-U) data comes from the Bureau of Labor Statistics’ CPI Databases. The data shown in Table 2.6 of the State University Data Book in the CPI-U column is the annual average found on CPI Databases: All Urban Consumers (CPI-U), All items in U.S. city average, all urban consumers. For individuals interested, the CPI Databases can be found here: <https://www.bls.gov/cpi/data.htm>.

### **Table 2.7: Relationship of Resident Tuition per Semester and Per Capita Income**

1. The Bureau of Economic Analysis regularly revises their estimates for state per capita income totals. Therefore, the percent changes, ratio percentages, and Kansas per capita income data all differ from prior year data books.
2. The Kansas per capita income data comes from the U.S. Department of Commerce, Bureau of Economic Analysis (BEA), specifically from the personal income summary. The per capita personal income is the total annual personal income divided by the total midyear population. All dollar estimates are in current dollars and are not adjusted for inflation. The Bureau of Economic Analysis releases data in April which are estimates based on an average of the four quarters of the previous year. In September, the BEA releases an annual figure, which is the total used for Table 2.7 of the State University Data Book. This data can be found on the BEA’s interactive data tool: <https://www.bea.gov/itable/national-gdp-and-personal-income>.

### **Table 2.8: Consumer Price Index (CPI-U) and Higher Education Index (HEPI)**

1. The CPI-U data comes from the Bureau of Labor Statistics’ CPI Databases. The data shown in Table 2.8 of the State University Data Book in the CPI-U column is the annual average found on CPI Databases: All Urban Consumers (CPI-U), All items in U.S. city average, all urban consumers. For individuals interested, the CPI Databases can be found here: <https://www.bls.gov/cpi/data.htm>.
2. The HEPI data comes from the Research Associates of Washington and Commonfund Institute, specifically Table A of the Commonfund Report– the Historical Summary of Higher Education Price Index and Consumer Price Index. The HEPI data is reported based on a fiscal year.
3. The Higher Education Price Index (HEPI) is an inflation index designed specifically for use by institutions of higher education. HEPI measures the average relative level in the price of a fixed market basket of goods and services purchased by colleges and universities each year through current fund educational and general expenditures, excluding research. HEPI is considered a more accurate indicator of cost changes for colleges and universities than the Consumer Price Index (CPI), and it is used primarily to project future budget increases required to preserve purchasing power. The HEPI report can be found here: <https://www.commonfund.org/higher-education-price-index>.
